THE WEATHER.

Fair east, local rains west portion Friday; Saturday probably rain and colder, moderate northeast winds.

## ATHLETICS TAKE FINAL RETAINING WORLD HONORS

### Batted Three Twirlers Out of Box Turning the Game Into a Farcial Imitation.

Philadelphia, Oct. 26.—Hail! Philadelphia Athletics, Champions of the World for the second successive year.

In an exhibition of batting seldom seen in a premier baseball series, the American League team this afternoon defeated New York in the sixth game of the set by the overwhelming score of 13 to 2, thus giving them the four necessary games out of the six played to carry off baseball's greatest honor. It was more than a mere defeat for the Giants, it was a rout.

Philadelphia is celebrating tonight as it has never before observed a great baseball victory. To defeat New York in revenge for the trouncing the National Leaguers gave them in 1905 was almost as pleasing to the Athletics as winning the world's championship itself.

With the victory goes 60 per cent. of $127,910.61, or $76,746.37, of which each Athletic player will receive $3,654.59. The losers will receive the remainder, $51,164.24, or $2,436.39 for each New York player.

The batting matinee that the Athletics gave was one of the finest exhibitions of offensive playing seen at Shibe Park in a long time. Coming from behind after New York had scored one run in the first inning, the Athletics tied the score in the third inning, won it in the fourth by making four runs, made it a little safer in the sixth, when they added another run, and crushed the Giants in the seventh inning under an avalanche of seven hits, which, with a couple of misplays, added seven more runs to the total. The sensational hitting of all the pitchers the New Yorkers sent into the box roused the excited crowds to the greatest enthusiasm. With victory in their grasp, the Athletics appeared to let down and when the seventh inning was over the cheering thousands started to leave the grounds.

MANAGER CONNIE MACK,
Of the World's Champion Baseball Team.

MANAGER JOHN J. McGRAW,
Defeated for World's First Baseball Honors

The struggling National League champions sent in three pitchers to stem the tide, but all were hit almost alike, Wiltse getting the worst whaling. The other two were Ames, who started the game, and Marquard, who followed Wiltse into the box. Thirteen hits for a total of 17 bases was the total shown by the hit column when the game was over.

Every member of the team got a hit with the exception of Collins and Bender, but the former made a timely sacrifice that helped to score a run. When the game began today Catcher Thomas was the only member of the white elephant team that had not made a hit in the series. He got into the hit column in the seventh inning and the Athletic players themselves cheered Thomas for at last getting to a pitcher. Murray, of the New York team, is the only one of its regulars who failed to connect with any Athletic pitcher in the series for a hit.

To "Chief" Bender, the wonderful Chippewa Indian twirler, goes the credit of pitching the final victory. His work in the box surpassed the exhibition he gave in the first game on the Polo grounds in New York. The singles and a double in as many innings were all the New Yorks could garner off his delivery.

The two-base hit was made by Doyle in the first inning and he scored later when Murphy muffed an easy fly. From this time the Indian was never in trouble. New York got a single in the third and one in the fifth inning. In the ninth Bender appeared to let down and Herzog hit for a single and subsequently scored. It was the third game Bender pitched and his second victory in three days.

Despite the terrific hitting on the part of the Athletics and the fact that a total of eight errors were made by the two teams, the game was brilliantly played. Numerous plays, that brought the cheering crowd to its feet, were made. Devore, left fielder for New York, robbed Lord of a sure three-base hit by catching his long fly in centerfield after a great sprint. Baker and Davis made sensational running catches of foul flies and Collins electrified the spectators by a stop and throw of a terrific grounder back to second base that no one thought he could reach. The Philadelphia team was charged with five errors and all of them were made on the easiest kind of chances. Two of New York's three errors were wild throws, which practically started their downfall.

There was little noise until the third inning, when the Athletics tied the score and when the home team cut loose in the fourth and subsequent rounds, there was never a let-up in the cheering.

Every player was given a rousing hand as he stepped to the plate, rank errors were overlooked and finally the Athletics so far outclassed the Giants in the hitting department of the game that the crowd began to cheer in derision every time an Athletic player was thrown out by a New York man. The fourth inning was noisy, but it was not a marker to the seventh when ten Athletics stepped to the plate to take a crack at the pitching.

A bit of sentiment on the part of Capt. Harry Davis was cheered when he sent the injured McInnis into the game in the ninth inning. "Stuffy" took the last put-out and officially figured in the series. Chief Meyers also retired near the end of the game in favor of Wilson, probably for the same reason.

Before the game began it looked as though Plank would be the pitcher and there was some surprise among the fans when Connie Mack sent Bender into the box. The "Chief" proved that he could pitch more than twice a week.

Philadelphia made nine hits and 11 runs in the two feature innings of the game. In the fourth, with the score a tie, Baker opened the inning with a smashing single to center-field. The crowd called on Murphy to bring him around and he almost did it by landing Baker on third with a single to center field. The veteran Davis then came up and hit a grounder to Doyle, who threw to the plate but Baker was in with the run by a beautiful slide under Meyers. This run gave the home team the lead. With none out, Barry laid down a bunt and in fielding the ball to first Ames hit Barry in the head and the ball rolled out to rightfield. Murphy and Davis rounded the bases to the plate. Barry put on steam and started to sprint to second. Murray made a poor throw to catch the fleet-footed shortstop at second and Barry made a dash for home. He crossed the plate with the fourth run. Thomas, Bender and Lord then went out in order.

In the sixth the Athletics got a run on Murphy's two-base hit and two outs, and in the seventh the Athletics put the world's championship in their possession. Bender opened the inning with a fly to Doyle. Lord singled to the infield and Oldring put him on third with a single to center. Collins hit to Wiltse who threw to Merkle and when the latter dropped the throw Lord sprinted across the plate. Collins was safe. Oldring scored on Baker's drive over Doyle's head and Collins went to third. Murphy pushed a single into centerfield and Collins came home, Baker stopping at second. Davis sent Baker home and Murphy to third on a smash to right field and a moment late Murphy came home when Barry lifted a ball into the crowd for two bases, Davis going to third.

Manager McGraw here switched his pitchers, sending in Marquard who let loose a wild pitch and Davis and Barry crossed the plate. Then up came Thomas, the ninth at bat in the inning and shot out his first hit of the series to his intense delight. Bender came up and Thomas started for second and was thrown out, Meyers to Fletcher. It looked as if Thomas purposely went out to quickly end the inning. Bender struck out.

After that big inning the Athletics

(Continued on Page 2.)

## WRIGHT REMAINS AT KILL DEVIL HILL

### Another Week, in Hopes That He Will Meet 45 or 50 Mile Wind.

### STORM PROMPTED DECISION

When West Indian Storm Strikes Coast He Will Give Gliding Apparatus a More Severe Test

Kill Devil Hill, N. C., Oct. 26.—In the hope with meeting with a 45 or 50-mile wind Orville Wright announced today that he probably would remain here throughout next week to try out his glider, with which he is experimenting to discover some means of automatically maintaining the equilibrium of a heavier-than-air machine while in flight. The approach of the West Indian hurricane is believed to have prompted Mr. Wright's decision, although he had announced that he would abandon the tests Saturday.

As soon as the West Indian gale strikes this coast it is understood that Mr. Wright will give the gliding apparatus a more severe test than it has yet undergone. Twenty-four flights, all of short duration, were made today by Wright and Alexander Ogvilvie, the English aviator, but the wind was too light for results. The experiments will be tomorrow.

### GUILFORD MAN INJURED.

Wagon Passed Over Young Farmer—Smallpox Expected—Notes.

(Special Star Correspondence.)

Greensboro, N. C., Oct. 26.—Turner Tickle, a young white farmer of McLeanville, Guilford county, is in a dying condition at his home as a result of an accident which befell him yesterday afternoon when he was thrown beneath the wheels of a wagon heavily laden with new corn. The entire weight of the wagon, more than 2,000 pounds, passed over the unfortunate man's chest. After the accident, though frightfully injured internally, Tickle walked to his home, a distance of more than half a mile, where he related the details of the accident before collapsing. He said that the horses shied and started to run; that he stood up in the wagon to control them when he was jerked out and fell beneath the wheels.

Dr. George F. Ross, county superintendent of health for Guilford county, is fearful of a smallpox outbreak in the county this Fall and general vaccination will be ordered.

The county authorities, who have been investigating the attempt at jail breaking this week of Roscoe Lane, the mountaineer moonshiner in jail here charged with assault with intent to kill on Revenue Officer Henry, in Wilkes county several months ago, are convinced that the saw which Lane was so industriously using on the bars when his act was discovered, was passed to the man by a friend from the outside. Lane had sawed through one bar in daytime and was working on another when discovered and the saw taken from him.

Vance Garrett, a white man of Clay township, who has been evading revenue officers for the past few days, and who is wanted on a charge of intimidating a United States deputy, came in last evening and surrendered. He is held under $500 bond.

### MORE RIOTING IN TRIPOLI.

Passengers State That Number Killed and Wounded Almost 700.

Malta, Oct. 26.—Italian reverses at Tripoli on October 23rd, according t steamship passengers just arrived here amounted almost to a riot. An Italian post during a reconnaissance encountered a Turkish outpost, which retreated. The Italians followed and found themselves suddenly attacked on all sides.

Three companies of infantry were totally annihilated. Several officers were made prisoners and mutilated and hanged by irregulars.

The return of the remainder of the Italian force carrying off a great number of wounded, it is said by passengers, number 700, caused intense excitement among the population at Tripoli. The Arabs attempted to revolt, firing many shots and wounding many Italians. The attempt was soon quelled and hundreds of Musselmans were arrested and shot. The passengers say that when they left Tripoli the town was still seething with excitement.

### FOUR TALESMAN OUT 125

Slow Progress in Selection of Jurors in Dynamite Case

Los Angeles, Oct. 26.—Four talesmen, subject only to peremptory challenges, one whose challenge for cause was under consideration and one whose examination was uncompleted, were all that were left out of a venire of 125 men summoned in the McNamara murder trial when the court opened today.

Attorneys in the case fiured out today that at the present rate it would take about 42 weeks to get a jury. No one, however, is making estimates longer than that of Clarence S. Darrow, who said that the jury box would be filled in about two months. District Attorney John D. Fredericks, refused to make a prediction. "By the end of the week," he said, "we may be able to make one."

## MINISTER'S CASE WITH GRAND JURY

### Suffolk County Jurors Consider Evidence Against Rev. Clarence V. T. Richeson.

### MANY WITNESSES EXAMINED

One States That Preacher Purchased Bottle of Cyniade of Potassium —Defense Will Produce Intact Bottle

Boston, Mass., Oct. 26.—The special session of the Suffolk county grand jury which today considered the evidence against Rev. Clarence V. T. Richeson in connection with the poisoning of Miss Avis Linnell, assumed something of the aspect of a trial because witnesses for the defense as well as government witnesses were called. In all more than a dozen persons were examined, including three directly connected with the defense. Mr. and Mrs. Moses Grant Edmands, parents of Miss Violet Edmands, the accused clergyman's fiancee, and Robert Burns, head of a local detective agency, employed in behalf of Mr. Richeson.

Other witnesses included Attorney Pelletier, Medical Examiner Leary, Mrs. Edgar Linnell and Mrs. W. H. McLean, mother an sister of the dead girl; two young women, believed to be cashier and waitress in a local restaurant where it has been said Richeson and Miss Linnell dined a few hours before the young woman's death. Dr. Mary Hobart who attended Miss Linnell; Miss Juliet C. Patterson, superintendent of the Young Woman's Christian Association where Miss Linnell lived and two of her friends there,; Mr. and Mrs. E. H. Carter at whose residence Mr. Richeson had his apartments, and William H. Hahn, the Newton Center druggist who says Mr. Richeson purchased cyanide of potassium from him. Several of these persons may be summoned to appear again but it is not probable that Miss Violet Edmands, the minister's finance, will be called as she is confined to her home by illness.

A report which came today from New Bedford, was that Mr. Richeson two days before the death of Miss Linnell obtained flour and water from Mrs. Carter, his landlady, explaining that he wanted it to mix paste to bind books. The report had it that upon returning the bowl he told Mrs. Carter "You'd better wash it out thoroughly; there has been poison in it."

Mrs. Carter on leaving the grand jury room today would not discuss this report, while her husband said he could neither affirm nor deny it.

It was learned definitely today that Congressman Robert O. Harriss, of Bridgewater, has been enlisted in Richeson's cause. The defense will seek to prove an alibi for the clergyman and it is asserted it can produce intact, the bottle of cyanide of potassium which Druggist Hahn sold Richeson.

### FLORIDA STORM.

Regular Hurricane Weather Reported Off Coast Last Night.

Jacksonville, Fla., Oct. 26.—Regular hurricane weather has prevailed today with brisk winds and intermittent showers. Miami reports the barometer reading tonight is 29.92, with a brisk southeast wind, but clear weather.

A wireless report from Havana to Key West at 8 o'clock tonight said the barometer had fallen five points and the wind had increased from two to 24 miles an hour.

Air-aristocracy of the Wright sort is not to be condemned, even in this equal-rights Republic.—Brooklyn Eagle.

### OUTLINES.

Suffolk county grand jurors consider evidence against Rev. Clarence V. T. Richeson, charged with poisoning Miss Aivs Linnell——Hernsheim Co., manufacturers of cigars in New Orleans, disposed of by the American Tobacco Co.——Long planned suit against the steel trust began yesterday in Trenton, N. J.; Morgan, Rockefeller, and many other prominent capitalists involved——Mrs. Taft and daughter return to Washington after spending the Summer at Beverly, Mass——Glidden tour ends in Jacksonville, the Maxwell car winning the famous trophy——Four hundred Italians killed and wounded at Tripoli this week. The newspapers prevented from publishing facts.

New York markets: Money on call steady 2 1-4 to 2 3-8 per cent., ruling rate 2 3-6, closing bid 2 3-8, offered at 2 1-2; apprehensions of less favorable weather caused a rather sharp decline in the cotton market during yesterday's early trading, but demand to reflect covering by nervous short, flour was quiet and steady; wheat spot steady; corn steady, new corn 71 1-4 fob afloat; oats spot dull; pork steady; coffee futures closed at from 25 to 35 points net lower; petroleum steady; wool quiet; rosin steady; turpentine steady; molasses steady; rice steady; sugar raw nominal; butter firm; cheese firm; eggs firm; potatoes steady; cabbages, peanuts and freights steady.

## CHINESE THRONE SURRENDERS TODAY

### To The Tau-Cheng-Yuan—Minister of Posts Also Dismissed.

### PRINCE TO BE DEALT WITH

Sheng Hsuan-Huai Stripped of His Ranks—Other Officers Handed Over to the Inferior Board

Peking, Oct 26.—The throne today surrendered to the Tsu-Cheng-Yuan, China's national assembly, and in compliance with its demands dismissed Sheng Hsuan-Huai, minister of posts and communications, ordered Prince Ching, president of the cabinet, before a board of inquiry, where he doubtless will be severely dealt with; released from custody the president of the Sze Chen provincial assembly and other leaders in the riots at Cheng-Tu and in fact agreed to what the assembly asked with lack of dignity inconceivable to western observers. The edict promulgating these orders has been read with regret by the foreigners, especially those who were associated with Sheng Tsuan-Huai in negotiations for loans and for reforms, which brought about his downfall.

Sheng Hsuan-Huai has been stripped of his ranks, Prince Ching, the prime minister, and Na-Tung and Hsu Shi-Chang, vice prime ministers, as well as several viceroys, have been handed over to an inferior board for consideration as to their guilt in causing the present rebellion while members of the provincial assembly, who provoked the uprising in Sze-Chuen have been released from prison.

The dict repeats over the throne seat the allegations and charges made against the minister of posts and communications and others made by a heated, radical and controlled assembly, but Chinese affairs cannot be judged by western standards. It will be considered here, however, that the throne acted wisely, that it recognized its defeat and submitted to force.

The appointment of Tang Shao-Yi to succeed Sheng Suan-Hua is believed to forecast the appointment of Yuan Shi Kai to the second office in the cabinet, if not to the premiership. With the prospect of Yuan Shi Kai, who is a Chinaman, leading the country, now ruled by the national assembly, it is evident that the Manchus mean to offer to the people complete and immediate constitutional government in return for cessation of hostilities. It is reported that Yuan is already negotiating with the rebels. Members of the legations, who are old in experience in Chinese affairs, would not be surprised if the revolution terminated on these lines, practically without further fighting.

### GLIDDEN TOUR ENDED

In Jacksonville Yesterday---Maxwell Wins Trophy

Jacksonville, Fla., Oct. 26.—The Glidden tourists reached the end of their 1911 tour here shortly after noon today. Despite the heavy downpour of rain the visitors were met on the outskirts of the city by more than 100 local automobiles and headed by a brass band paraded through the city before being checked out.

The Maxwell team, the only team entry to come in with a perfect score, was awarded the famous Glidden trophy. Eight individual cars came in with perfect scores, including that of Miss Marks, of Athens, Ga., the only woman driver in the tour.

Tonight the visitors were entertained at a banquet and smoker.

Today's run of 86 miles from Live Oak, Fla., to Jacksonville, was one of the hardest stretches encountered by the tourists, on account of the heavy road. Fortunately none of the cars came to grief.

Jacksonville, Fla., Oct. 26.—In the drawing tonight Governor Hoke Smith's Maxwell car, No. 4, drew the winning number and was awarded the Anderson trophy. There were 14 individual cars with perfect scores.

### COOMBS SERIOUSLY INJURED

Intestines Wrenched During Game of Yesterday at New York

Philadelphia, Oct. 26.—Jack Coombs, the Athletic pitcher, is in bed at his home in this city with serious internal injuries. In the sixth inning of yesterday's game at New York he wrenched his intestines.

Today his condition is so much worse that his physician called in two other doctors. They have succeeded in reducing the injury and say no operation will be necessary. Coombs, however, will be in bed for a week and will have to wear a truss for some time. He will be able to pitch again next season, the doctors say.

Coombs said that in the sixth inning his cleats caught in the hole in the pitcher's box and when he delivered the ball he felt a terrific jar. The pain was intense and especially in the right side, but he kept on pitching.

In the ninth inning he had to quit after Trainer Chadwick had examined him, though his teammates urged him to keep on.

Rupture of the intestines is what killed Dr. Mike Powers, catcher for the Athletics several years ago.

## STATE DAUGHTERS OF CONFEDERACY

### Monument to North Carolina Soldiers Who Fought at Gettysburg.

### $20,000 ALREADY SUBSCRIBED

Annual Convention at Winston-Salem, N. C.—All Old Officers Are Re-Elected—Address by Mrs. Stone, of Texas.

Winston-Salem, N. C., Oct. 26.—A movement looking to the erection of a monument in memory of North Carolina soldiers who fought at the battle of Gettysburg was inaugurated at the annual meeting of the State Daughters of the Confederacy today.

The plan is to have the name of every Carolinian who participated in that battle carved on a marble dome, on which shall rest a marble shaft. It was announced that $20,000 of the necessary $50,000 already has been pledged.

A handsome painting of the great seal of North Carolina also was presented to the organization. An address was delivered by Mrs. Cornelia Stone, of Texas, ex-president General of the U. D. C., followed by the election of officers, all the old officers being re-elected.

### WANTS TAFT'S HELP

Madero's Recent Opponent Seems Likely to Return to Country

San Antonio, Texas, Oct. 26.—At the headquarters of Gen. Bernardo Reyes here early today no statement would be given out concerning the conference the Mexican general had here yesterday with Louis L. De La Barra, brother of the Provisional President of Mexico, further than that already made; that is, that De La Barra came with a message of "Peace and Good Feeling."

It is believed, however, that De La Barra delivered to Gen. Repes personal assurances from Francisco Madero, the President-elect, and that the general is seriously considering returning to Mexico in the near future.

De La Barra will leave San Antonio tonight en route north with the admitted intention of interception. President Taft on the return trip of the American executive from his speech-making tour.

De La Barra said that he might continue his trip to Washington, but would make no further statement than to say that he bears a message to Taft. It is believed here that De La Barra was sent to the United States first to secure the return to Mexico of Gen. Reyes, further to insure the incoming administration against interial strife, and, second, to have a serious conference with President Taft of a semi-diplomatic nature concerning the general situation in the republic with a view to receiving assurances from the American executive that the United States will adopt a friendly attitude toward the Madero administration.

### WILSON FOR PRESIDENT.

Democrats of Wisconsin Acclaim Him as Next President of U. S.

Madison, Wis., Oct. 26.—Woodrow Wilson, governor of New Jersey, was acclaimed the next President of the United States by Democrats of Wisconsin this afternoon. He was their guest at a rally held in the University gymnasium. He spoke on the present trend in the field of politics.

There was a demonstration when the toastmaster, Attorney J. A. Aylward said:

"Wisconsin is favored of the gods today in which the President of the United States is within her borders, and in that the next President of the United States also is among us."

Governor Wilson argued the Democratic party is in the midst of a great struggle to wrest control of the country from special interests and restore the government to the people.

The governor left tonight for Dallas, Texas.

"I do not recognize any difference between my own principle and the principles of the progressive Republicans, announced Governor Wilson in an address of 1,000 Democrats and La-Follette Republicans here tonight He was answered by the progressive Republicans present here tonight with the assurance that if President Taft will be nominated Wilson will carry Wisconsin. Governor Wilson broadly hinted that such a fusion of Democrats and progressive Republicans with a platform based on their common hopes would be met with acclaims by his followers.

### WEST INDIAN STORM

Reported to Be Working in Direction of South Atlantic Coast

Key West, Fla., Oct. 26.—The West Indian storm which was reported today to be moving in the direction of the South Atlantic and southeast gulf coasts is now reported to be moving in a westerly direction with its center, at 4 o'clock this afternoon between Sagua-La-Grande and Havana.

Norfolk, Va., Oct. 26.—Government observer at Cape Henry reports unidentified cruiser passing in at 10 o'clock towing torpedo boat destroyer.

It is probably the Wilkes or the De-Long, both of which were reported disabled at sea.

## UNCLE SAM AFTER STEEL CORPORATION

### J. P. Morgan, J. D. Rockefeller and Other "Big Ones" Will be Summoned.

### TO BREAK UP STEEL TRUST

Government Also Wants a Dissolution of All Constituent Companies—Long Planned Fight to Commence.

Washington, Oct. 26.—A petition asking for the dissolution of the United States Steel Corporation and some of its subsidiaries was filed in the United States court at Trenton, N. J., today.

The petition was prepared by Jacob M. Dickinson, former Secretary of War, who had been retained by the government as its special counsel in the case.

A deputy United States marshal went to New York late today to serve upon J. P. Morgan, Charles M. Schwab, Elbert H. Gary and John D. Rockefeller copies of the bill in equity asking for the dissolution of the United States Steel Corporation.

Speaks Briefly on Suit.

Nashville, Tenn., Oct. 26.—Before leaving for Chicago late today, Judge J. M. Dickinson spoke briefly of the suit filed today at Trenton, N. J., against the United States Steel Corporation when asked for a statement by the Associated Press correspondent.

"The suit," he said, "asks the dissolution of the United States Steel Corporation and its constituent companies which monopolize a part of commerce.

"It asks the cancellation of the Hill leases and asks separation from the Tennessee Coal, Iron & Railroad Company."

Judge Dickinson said that he had been at work on the case about two months. Associated with him were the attorney general, the solicitor general and the district attorney at Trenton.

Began Today in Trenton.

Trenton, N. J., Oct. 26.—The government's long planned suit to break up the so-called "Steel Trust" was begun today in the United States Circuit Court. It is the most sweeping anti-trust action ever brought by the Department of Justice.

The government asks not only for the dissolution of the United States Steel Corporation, but for the dissolution of all constituent or subsidiary companies which are alleged to have combined in violation of the Sherman law to "maintain or attempt to maintain, a monopoly of the steel business." There are 36 subsidiary corporations named as defendants.

J. Pierpont Morgan, John D. Rockefeller, Andrew Carnegie, Charles M. Schwab, George W. Perkins, E. H. Gary, John D. Rockefeller, Jr., Henry C. Frick, Charles Steele, James Gayley, William H. Moore, Edmund C. Converse, Percival Roberts, Jr., Daniel G. Reid, Norman B. Ream, P. A. B. Widener and William P. Palmer are named individually as defendants.

The United States Steel Corporation, Carnegie Steel Company, Carnegie Company of New Jersey, Federal Steel Company; National Steel Company; American Steel & Wire Company, of New Jersey; National Tube Company; Shelby Steel Tube Company; American Tin Plate Company; American Sheet & Tin Plate Company; American Sheet Steel Company; American Steel Hoop Company; American Bridge Company; Lake Superior Consolidated Iron Mines, all of which were organized under the New Jersey laws, and the H. C. Frick Coke Company; Tennessee Coal & Iron Railroad Company, and the Great Western Mining Company, are named as corporate defendants.

Was Bombshell to Washington.

Washington, Oct. 26.—The filing of the so-called steel trust suit was a bombshell to official Washington. It is said that only four men knew of it, so closely did the Department of Justice safeguard its action against leaks. Attorney General Wickesham, his secretary, Frank Cole, and J. M. Dickinson, former Secretary of War, the government's special counsel in the case, are the first three who were in the secret. It is presumed, of course, that the fourth was the President of the United States.

Special agents of the Department of Justice have been at work on the case, gathering evidence at various times during the last three years. It was stated at the Department of Justice that this evidence so gathered had been supplemented by some of the testimony given before the Stanley Committee, House of Representatives, which has been conducting an investigation into the steel corporation. Solicitor General Lehmann has also done much toward preparing the case.

It was not generally supposed that action against the giant corporation was so near at hand. Many believed that the attitude taken by the corporation's officials in recent public statements probably accelerated the carefully laid plans. The former Secretary of War's retention as special counsel became known for the first time today, when the bill was filed.

Louis J. Hill, James N. Hill, Walter J. Hill, E. T. Nichols and J. H. Gruber are named as trustees in the ore companies.

The steel corporation's lease of the Great Northern Railway's are properties, which the directors of the steel

company today formally decided to cancel, is alleged to be illegal. This action of the directors was taken but a few hours before the filing of the bill.

The government acknowledges that it was advised of the steel corporation's intention in this respect, but states that under the terms of the lease, no cancellation would be effective until January 1, 1915, and there is no limit upon the amount of ore that can be taken out in the meantime.

Sensational allegations fairly topple over each other in the government's petition which is an equity proceeding praying for injunctions to estop continuance of the alleged monopoly and such other relief as the court may grant.

The steel corporation's acquisition of the Tennessee Coal & Iron Company during the panic of 1908 is declared illegal and scathingly criticised. The petition declares that E. H. Gary and Henry C. Frick misled former President Roosevelt when they told him that "but little benefit will come to the steel corporation from the purchase".

"The President," it says, "was not made fully acquainted with the state of affairs in New York relevant to the transaction as they existed. If he had been fully advised, he would have known that a desire to stop the panic was not the sole moving cause but that there was also a desire and purpose to acquire the control of a company that had recently assumed a position of potential competition of great significance.

"It is certain that the corporation availed itself of the embarrassment of Moore & Schley (New York brokers who had large holdings of Tennessee stock) at a most critical period and the hammering of the Tennessee stock and the threatening of a general financial calamity, to acquire the control of a competitor, taking on a formidable aspect."

The corporation thus greatly strengthened its control of the country's iron ore supply, its predominating position in the South's iron and steel trade, eliminated a competitor and unlawfully acquired a power which is a menace to the welfare of the country and should be destroyed."

The Gary dinners are referred to, though by name, as meetings which accomplished more than written pools or agreements, which were frequently broken.

"It was understood and agreed," says the bill, "that they (the steel manufacturers represented at the meetings) were bound to protect one another, that to carry out this purpose their honor was at stake and that the obligation binding upon them was even dearer than life itself, and that no one of them should act or fail to act except with a distinct and clear understanding that his honor was involved and that this was more binding on him than any written or verbal contract. When bidden by the chief executive of the corporation they came at any time, from any distance, ready, willing and anxious to turn over to him and to his friend, all that was in their minds and in their hearts concerning their business."

Interlocking directorates through which those in power in the steel corporation held positions of influence on the directorates of other powerful corporations are referred to as a "method more refined, more euphonious, but none less effective than pools."

"Through its directors thus distributed," says the government's petition, "the corporation is in direct touch with all of the large railroad and steamship companies of the United States, such powerful concerns as the Standard Oil Company, the Pullman Company, the International Harvester Company, and the Western Union Telegraph Company, and with the overwhelming majority in money and power of the banks and trust companies of the United States. The possibilities of the power and the control that may be thus exerted over trade and commerce is inestimable.

"The power and control that have been exerted by the corporation largely through the grasp of its tentacles, thus thrown out upon the consumer, competitors and capital, is incompatible with the healthy commercial life of the Nation."

The government reviews in great detail the conditions of the steel trade before the consolidation of 1908-1909, and the formation of the Federal Steel Company, the Carnegie Company, of New Jersey, the American Steel & Wire Company, the National Tube Company, the National Steel Company, the American Tin Plate Company, the American Steel Hoop Company, the American Sheet Steel Company, and other corporations prior to the formation of the United States Steel Corporation itself in 1901.

Describing the corporation's acquisition of the Tennessee Coal & Iron Company, the petition relates.

"In 1907 the corporation acquired the control and almost the entire ownership of the Tennessee Coal, Iron & Railroad Company. The properties of this company were located mainly in Alabama and Tennessee.

"Owing to the character of its coal and iron deposits the Tennessee company could manufacture pig iron cheaper than it could be made in any other part of the United States. On account of its vast holdings of coal and iron properties it was a strong probable future competitor of the corporation. Most of the rails in the United States had been made out of Bessemer ores. On account of accidents attributed to weakness in such rails, a demand arose for an open hearth rail, and for such process the ores owned by the Tennessee company were available.

"In 1907 a sensation was created in the steel rail market by E. H. Harriman ordering from the Tennessee company 157,500 tons of open hearth steel rails, at $1 more per ton than the price of Bessemer rails. This at once put that company into a position of an actual competitor of the corporation, and of a possible competitor that could not be ignored, of great potentiality.

"The corporation was not slow to discern the situation. James Gayley, first vice president of the corporation, having acquired himself with the properties of the Tennessee company, had already recommended to Mr. Frick, who was then a director of the corporation, that it acquire the properties of the Tennessee company.

"Grant B. Schley, of the firm of Moore & Schley, of New York City, was one of the syndicate holding a majority of the stock. This was known to the officers of the corporation.

Moore and Schley in October, 1908

## ATHLETICS TAKE FINAL RETAINING WORLD HONORS

(Continued from Page One.)

did not appear to try hard. All interest in the outcome of the battle was gone and the big crowd started homeward.

There was no more scoring until the ninth inning when Herzog scored on his single, a poor throw, a wild pitch and Fletcher's out.

When the game was over that part of the crowd which did not leave the ground before the game was ended remained and held a celebration. They cheered the players, who had dived under the grand stand, the instant the last man was out and gave three cheers for Connie Mack, who has won four American League pennants and two world's championships for Philadelphia.

Ban Johnson, president of the American League, was all smiles after the game. "Delighted", was the only comment he had to make.

All records for attendance and receipts for a world's championship series were broken. The National Baseball Commission tonight gave out the following figures:

Attendance, 179,851. Total receipts, $342.364.30.

Of this amount the players received $127,910.61; each club received $90,108.72 and the National Commission's share was $34,236.25.

**The Score by Innings:**

New York ..... 100 000 001— 2
Philadelphia ..... 001 401 70x—13

Summary—Two-base hits: Doyle, Murphy, Barry, Lord (2); pitching record: off Ames, 5 runs, 4 hits in 17 times at bat in four innings; off Wiltse, 6 runs, 7 hits in 13 times at bat in two and one-third innings; off Marquard, 2 runs, 2 hits in 6 times at bat in one and two-thirds innings; sacrifice hits: Barry, Collins; sacrifice fly: Barry; stolen base: Herzog; left on bases: New York 6, Philadelphia 8; first base on balls: off Ames 1, off Bender 2; first base on errors: New York 4, Philadelphia 2; struck out: by Ames 4, by Wiltse 1, by Marquard 2, by Bender 5; wild pitches: Marquard, Bender. Time: 2:12. Umpires: At the plate Connolly, on the bases Brennan, left field Klem, right field Dineen. Attendance: 20,485.

## ANNUAL OYSTER ROAST

**Senior Members of Y. M. C. A. Enjoyed Feast Last Evening**

The annual oyster roast given the Senior members of the Y. M. C. A. last night at the lighthouse on Wrightsville Sound proved to be an altogether delightful affair and those who attended had a most enjoyable evening.

Fifty-two members and friends were on hand when the special car left the corner of Front and Princess streets at 8 o'clock. On the way down the young men amused themselves by singing old-time Southern melodies.

Mr. Stokley, the manager, had everything in readiness on the arrival of the party at the lighthouse and served the delicious bivavles in his well-known splendid style. Needless to say the assemblage did not fail to show their appreciation in a most substantial way.

Following the roast Secretary Huntington called on Dr. Joseph Akerman, as president of the board, for a talk on "Ideal Member." Dr. Akerman responded and his remarks were heard with much interest. Several others spoke on the work and its growth and the happy party returned to the city about 10 o'clock.

## INTERESTING DEMONSTRATIONS

**Reo Trucks Being Given Test for Benefit of Wilmington Merchants**

An interested crowd gathered yesterday to watch a practical demonstration, or rather a series of demonstrations, of the Reo freight truck, which is now being put on the market in this territory by the Gibbes Machinery Co., of this city, Columbia, Charleston and Spartanburg, S. C. The speed incline known as Red Cross street hill was accepted as the test and the little truck demonstrated what it could do, first with 1,800 pounds of flour in sacks for McNair & Pearsall, again with 1,600 pounds of stove pipe, nested, for J. W. Murchison & Co., and still again with dry goods boxes weighing, with contents, 1,600 pounds. Manager McCreight, of the Wilmington agency, is prepared to talk economy of operation, low cost of up-keep and other points of interest to any progressive Wilmington merchant or dealer who will call his 'phone or give him an invitation to call.

**Interest in Revival Services**

Interest in the series of revival services being held at Fifth Street Methodist Church is increasing every day and a large congregation attended last night. Rev. C. A. Jones, who is assisting Rev. G. T. Adams, the pastor, preached an interesting and effective sermon and many people flocked to the altar at its conclusion. The services begins promptly at 7:45 each night, and a cordial invitation is extended the public to attend.

**Is the World Growing Better?**

Many things go to prove that it is. The way thousands are trying to help others is proof. Among them is Mrs. W. W. Gould, of Pittsfield, N. H. Finding good health by taking Electric Bitters, she now advises other sufferers, everywhere, to take them. "For years I suffered with stomach and kidney trouble," she writes. "Every medicine I used failed till I took Electric Bitters. But this great remedy helped me wonderfully." They'll help any woman. They're the best tonic and finest liver and kidney remedy that's made. Try them. You'll see. 50c at R. R. Bellamy's.

## QUIET MARRIAGE YESTERDAY.

**Miss Julia Murrell Bride of Mr. Joseph B. Mason.**

Mr. Joseph B. Mason, son of Mr. and Mrs. E. T. Mason, and Miss Julia E. Murrell, daughter of Mrs. Anice Murrell, all of Wilmington, were quietly married at the parsonage of Southside Baptist Church last evening at 8:30 o'clock by Rev. W. G. Hall, the pastor, in the presence of only a few of their most intimate friends. Both are very popular among a wide circle of friends in the city and the announcement of their marriage will be of much interest.

**Certificate of Incorporation**

Certificate of incorporation of the Emporia Coca-Cola Bottling Company, granted a charter a few days ago, was received at the office of Clerk of Superior Court yesterday morning. The company is chartered to manufacture and bottle soft drinks of all kinds and to do various other things, including the sale of patents, authority to engage in fruit and commission business, etc. The authorized capital stock is $5,000, but may begin business when $1,500 has been subscribed, which has been taken by the following: G. H. Hutaff, 20 shares; W. J. Hutaff, 5 shares; Tabitha Hutaff, 5 shares.

**Daring Daylight Robbery**

A very daring robbery occurred yesterday in broad daylight when a sneak theif entered the residence of Mr. E. N. Clark, No. 411 Orange street, and stole Mrs. Clark's hand-bag, which contained her card case and pocket book. In the pocket book was an old $5 gold piece which was coined about 1854 and which is treasured by Mrs. Clark because of its associations. The bag also contained a letter to Mr. Parmelee from Bowling Green, Ky., and signed "Mack" or "Paul." These are the only clues by which the police can hope to locate the thief.

**Death of Little Child.**

Friends will sympathize with Mr. and Mrs. R. D. Tucker in the death of their infant son, Ernest Bagwell Tucker, who passed away last night at 11 o'clock, aged eight months and eleven days. The funeral services will be held at the grave at Oakdale cemetery at 4:30 o'clock this afternoon.

## DATES FOR MEETING FIXED.

**By the General Council of Seventh Day Adventists.**

Washington, Oct. 26.—Dates and places for the holding of meetings of Union Conference were fixed today by the General Council of Seventh Day Adventists, now in session here, among which are the following:

The Southeastern Union Conference, which includes Florida, Georgia, North Carolina, South Carolina and half of Tennessee, meets in Graysville, Tenn., January 8th-18th.

Southern Union Conference, composed of Alabama, Kentucky, Louisiana, Mississippi and half of Tennessee, Nashville, Tenn., January 18th-28th.

Southwestern Conference, composed of Arkansas, Oklahoma, Texas and New Mexico, Keene, Texas, February 1st-11th.

Columbia Union Conference, composed of Ohio, Pennsylvania, New Jersey, Maryland, Delaware, Virginia, West Virginia and the District of Columbia, Pittsburg, Pa., February 15th-25th.

When a girl hates to be kissed, it's a sign it isn't the right man.

**Reo Trucks**

**Stake Body . . . . $750.00**
**Express Body . . $800.00**

MR. MERCHANT—Are you "From Missouri" on the truck question? If you are, just call us. Telephone 836, and we will be "on the job." We can show you. Yesterday we hauled 75 barrels of fish in one hour. This is just twice what a horse team can do, and we can do it at one-third the cost of the horse-drawn vehicle. A "Reo" truck has followed the "Glidden Tour" from New York to Jacksonville, Fla., with one thousand pounds of registered baggage. This truck has made a perfect score—this means that not one adjustment has been made to the truck in this distance. If the "Reo" will do this, it will do your work. We want a chance to demonstrate the "Reo" to you. If it won't do the work, the joke is on us. We are "on the job" to talk truck to you, and to show you. If you have the goods to haul, we can do it. Let us show you.

**Gibbes Machinery Co.**

111 Chestnut Street. R. G. McCREIGHT, Manager.

*DAVID'S*

OUR idea of our business is one that ought to make your idea of it a favorable one. We're trying to be of real service to the men of this community in the important matter of things to wear. We begin with

**HART, SCHAFFNER & MARX**

clothes; the best service is in them; and we mean to have everything else in the store measure up to that standard of quality and excellence. With such a spirit here, and such merchandise, you can't possibly go wrong in buying.

We'd rather serve you than sell you; selling is only part of serving.

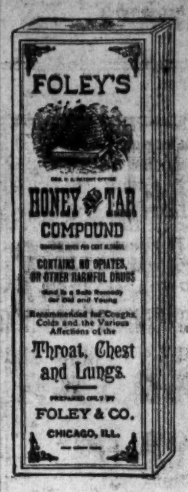
**FOLEY'S HONEY AND TAR COMPOUND**

**FOR ALL COUGHS AND COLDS**

FOR CHILDREN AND GROWN PERSONS

Most effective with Croup and Whooping Cough



FOLEY'S HONEY AND TAR COMPOUND is quick and reliable. It stops the cough by promptly healing the cause. Contains no opiates. Is indispensable in a family where there are children.

ST. JOSEPH, MICH.

Mrs. Frank Marti, 417 Church St., says: "Foley's Honey and Tar Compound saved the life of our baby boy. He contracted a severe bronchial trouble and coughed violently and had spells of coughing and gagging and turned black in the face. I always had great faith in Foley's Honey and Tar Compound and started giving it to the child. In a short time he was relieved and finally the cough was entirely stopped and the coughing and gagging spells ceased bothering him. He got well in a short time, gaining in weight and getting robust. Foley's Honey and Tar Compound has many times saved us trouble and this with the wonderful cure in baby's case shows its great merit. We are never without Foley's Honey and Tar Compound. We always keep it in the house."

# STATE GAME WARDEN DEAD

**Mr. Jno. R. Upchurch, of Raleigh, Passes—Marriages In Capital City—Standard Turpentine Co. Chartered — Notes**

(Special Star Correspondence.)

Raleigh, N. C., Oct. 26.—Jno. R. Uupchurch, State warden for the North Carolina Audubon Society, died this morning from the effects of a stroke of paralysis sustained Thursday of last week at the State Fair grounds, where he had just eaten heartily of barbecued pig.

He was 61 years old and leaves a wife and seven children. He was for a number of years deputy United States marshal and while serving in this capacity twenty years ago was desperately wounded by John Allen Johnson, a noted blockader. In fact, it is believed by many that this wound in his breast, the ball never having been located, really caused the paralysis from which he died. The funeral will be held tomorrow.

The Standard Turpentine Co., of Wilmington, is chartered with $125,000 capital subscribed by such well-known business men as H. C. McQueen, Alexander Sprunt & Son, Walker Taylor, M. J. Corbett. The distilling of turpentine and other wood and vegetable products, and dealing in cross-ties and other timber products is specified as the business to be done.

Another charter is for the Hoke-Hill Real Estate and Development Co., of Tyron, Polk county. The capital is $50,000 by H. M. Hoke, Greenville, S. C.; A. L. Hill and others, of Tyron, for real estate development.

Also another is a charter for the Granita Co., of Raleigh, having for its purpose the development of extensive granite quarries in the eastern section of this county. The incorporators are Joseph G. Brown, B. S. Jerman, W. A. Cooper, P. D. Gold, Jr., Jno. C. Drewry and others prominent in the business circles of Raleigh. They subscribe $10,000 capital.

Interest grows steadily in the Sunday School Teacher's Training School being conducted at Tabernacle Baptist church, and being participated in by all the Baptist teachers and numbers of the teachers in schools of other denominations here.

One of the lightset registrations Raleigh has ever had for a special election is that just closed for the vote on the removal, the sale or the remodeling of the city market. The registration represents little more than half the voting strength of the city. Opinion, too, is much divided. The election is October 31st.

The First Baptist church of this city was thronged with people Wednesday night gathered for the Roddey-Davis wedding, Miss Katheryne Belle Davis being the bride and Mr. Thomas Roddey, a well-known insurance man, the bridegroom. The officiating minister was Rev. Robert Erwin Hough, of Charlotte. The maid of honor was Miss Binnie Davis, sister of the bride, and the best man Mr. Jno. Boushall, of this city. Other members of the bridal party were Miss Harriet Roddey, Charlotte; J. W. Kellog, J. A. Sheets, V. J. Lee, Jno. McDonald, and W. Barber Roddey, the latter of Rock Hill, S. C. Mr. and Mrs. Roddey will be at home on Edenton street after their bridal trip North.

At the home of the bride in Cameron Park Tuesday afternoon, there was the quiet marriage of Miss Katie Dibrill Walker and Dr. Thomas Stamps, of Lumber Bridge, the service being by Dr. W. McC. White, pastor of the First Presbyterian church. Miss Elizabeth Walker, sister of the bride, was maid of honor and Mr. Preston Stamps, of Hope Mills, best man. Bereavement in the family of the bridegroom was the special reason for the quiet that characterized the marrfiage.

## MANY ITALIANS KILLED.

**Newspapers Forbidden to Communicate Extent of Casualties.**

London, Oct. 26.—Four hundred Italians were killed or wounded in the fighting around Tripoli on Monday and Tuesday, but all newspaper correspondents were forbidden to communicate the extent of the casualties, according to a news agency dispatch received here today from Tripoli, which escaped Italian censorship by being filed at Valetta. The situation at Tripoli, the dispatch adds, is serious. European residents fear a massacre as a Holy War has been proclaimed by the natives.

At Sharashett the left line of the Italian defense is reported as being hard pressed by the Arabs.

## VETERAN ENGINEER KILLED.

**Crushed and Scalded Beneath Switch Locomotive at Columbus.**

Columbus, Ga., Oct. 26.—Oscar Vaughn, a veteran engineer of the Central of Georgia Railroad, was crushed and scalded to death this morning under a switch engine which ran over him just after he had brought a train in from Birmingham.

His body, mangled beyond recognition, was turned over to an undertaker and later carried to his home in East Highlands.

## INCREASE WEIGHT QUICKLY

**Simple Way for the Thin and Pale to Be Plump and Rosy**

Samose can hardly be termed a medicine, it is in reality a flesh-forming food. Taken before or after meals, it mingles with the food you eat, enables it to assimilate and readily digest, so as to make rich blood and pleasing plumpness.

After Samose has been used a week or ten days a noticeable gain in weight is seen. The sallow complexion will become rosy, the sunken cheeks will have a ruddy glow, the eyes will be bright, the breath sweet and the step elastic.

With the return of good health following the use of Samose, emaciation is overcome, and the thin and scrawny are once more plump and rosy.

J. Hicks Bunting Drug Co.'s customers have told them of the remarkable results following the use of Samose, the great flesh-forming food, and they are so thoroughly convinced of its reliability that they are selling it under their personal guarantee to refund the money if it does not do all that is claimed for it. You who are thin and in poor health cannot afford to let another day pass without getting a 50c. box of Samose on those terms.

# What

## Every Woman Needs

a tonic. She needs it, when she is feeling weak, or sick, and when she suffers from womanly pains and troubles. She needs a *medicinal* tonic—a *woman's* tonic—a tonic to help her womanly organs back to *health*.

Such a tonic, is Wine of Cardui. For over 50 years, Cardui has been a successful remedy for womanly ailments. It is, today, *the* tonic for *weak* women, because of its specific medicinal effect on the *womanly* constitution.

Have you tried it? If not, please do so. A few doses will prove to you its beneficial action. Read the following letter:

"After 18 months of suffering and the most excruciating pain that any one ever suffered, I am now enjoying the best of health, as a result of taking Cardui, the woman's tonic.

Everybody thinks my cure one of the most remarkable ever made; so many physicians said I could not get well without an operation.

Since taking Cardui, the lump in my side, that has given me so much trouble and anxiety, has disappeared and I have not had a symptom of its return." Mrs. M. J. Scott, Wellborn, Texas. Try Cardui.

# CARDUI The Woman's Tonic

## WHITEVILLE AFFAIRS

**Cost of Growing Cotton---Preparations for Rally at Chadbourn**

(Special Star Correspondence.)

Whiteville, Oct. 25.—Mr. J. G. Thompson has just received his new Cadillac machine, which he bought through John P. Council. It is undeniably the handsomest and most up-to-date motor car ever brought to Columbus county, and was greatly admired by all who inspected same. It is equipped with electric lights and all other new appliances and improvements. Mr. Clyde Council drove in and delivered the machine this morning.

Mr. T. S. Memory, who operates a small farm near Whiteville, stated to The Star's correspondent that he this year kept accurate account of the outlay and receipts from his cotton crop, and that he is satisfied with the present price of labor, stock and supplies it costs within a fraction of 10 cents to grow a pound of the staple. Mr. Memory being a merchant, bought his supplies at wholesale price, and says if he sells his cotton at nine cents he will barely come out even, and not clear one copper on his cotton. He estimates that farmers who must purchase supplies and of course pay the merchant a profit, will find that his cotton costs him ten cents to grow, and when he sells for less it is a loss. Every farmer we have seen thus far say they intend next year to cut their crop acreage in half and grow tobacco and other money and food crops. Had they this year planted corn instead of cotton at the price of grain they would have made big money instead of losing. It is conceded that there is more money in five cents tobacco than fifteen cents cotton.

Mr. D. C. Fussell, cashier of the Bank of Tabor, and Dr. L. Baggett, also a progressive citizen of Tabor, spent last night in Whiteville. They say a row of brick buildings are now going up in Tabor and others will be constructed at an early date. The burned block will all be rebult with fine brick stores. Tabor is growing as fast as any town in the eastern Carolinas and has a bright future ahead.

Dr. Williamson, of Florence, S. C., was another welcome visitor to town.

Great preparations are being made for the Farmers' Rally at Chadbourn, November 8th, and it will be a red-letter day in the history of Columbus county. This week the premium list was published and there will be a fine display of farm products and other articles by our people. The Wilmington merchants have been most generous in offering prizes. Among them Mr. James Sprunt gives $50 for the best bale of cotton shown at the rally. The other generous Wilmington merchants who contributed to the prizes were: George Honnet, A. O. Schuster, McNair & Pearsall, Wilmington Savings Bank, J. W. Murchison & Co.

Rev. Chas. C. Smith will leave Monday for Willard, Pender county, where he will spend a week and conduct an evangelistic meeting.

## CUMBERLAND FAIR.

**Great Crowds Yesterday—Aviator's Mishap—The Races.**

Yesterday afternoon's Fayetteville Observer has the following:

"The weather was beautiful today—just the right sort for a fair—bright sunshine, blue skies, crisp and cool atmosphere. Although the crowd in the city was not so large as that yesterday, the attendance was good.

The various attractions were kept busy showing, and the crowd was hilarious and happy.

The races today were good, some fine horses taking part.

It is greatly to be regretted that Aviator Waltham, who was to make the flights in the biplane of Strobel at the Fair here today and tomorrow, came to grief on his first trip.

About 2 o'clock this afternoon Waltham started out on his trial trip, preparatory to making flights. He sailed along nicely for at least one-third of the distance of the Fair grounds, going up as high, perhaps, as 75 feet, and descended. When about 20 feet from the ground, the biplane suddenly turned turtle and aviator and machine fell straight to the earth, the machine apparently on top of Waltham.

In some miraculous way Waltham was not killed and managed to extricate himself from the debris (the machine being completely broken to pieces). The doctors tied up his head and he walked some distance across the field to his tent.

Yesterday, the first day's racing of the Fayetteville Fair meet furnished a new track record when Billie Shawke won the second heat of the 2:14 pace in 2:15 1-4. The Queen pushed Billie Shawke hard in each heat, finishing the second heat but a half length behind the winner. But Shawke won in straight heats. Argot Prince took the 2:27 pace in good time. Summaries:

2:15 class pace, purse, $200. Billie Shawke b.g., by Summit, driven by Shawke, 1, 1, 1. The Queen, b.m., by Georgian, driven by Hayes, 2, 2, 3. Buckeye, e.b.g., by Lockridge, 2, 3, 4. Marguerite, b.m., by Great Stakes, 4, 4, 3. Time 2:16 1-4, 2:15 1-4, 2:16 1-4.

2:27 class pace, purse $200. Prince Argot, b.g., by Argot, Wilkes, driven by Smith, 1, 1, 1. Billie Burton, s.g. 2, 2, 2. Dillon Gentry Ros, by John R. Gentry, 3, 3, 3. Time 2:29 1-4; 2:23; 2:20.

## WILSON AFFAIRS.

**Union Depot and Jail Removal—Other News of Interest.**

(Special Star Correspondence.)

Wilson, N. C., Oct. 26.—The two questions that now engage the attention of our people are, will Wilson get a union depot, and shall the jail be moved? The Corporation Commission will have a hearing here November 15th, to settle the former question when a large majority of the citizens hope that a union station to be used jointly by the Atlantic Coast Line and Norfolk Southern roads will be ordered built on the site of the present A. C. L. station. It is expected that the county commissioners will at their next meeting decide whether the jail will be removed from the business section of the city. The commissioners were preparing to put steam heat in the jail and make other improvements when the old question of moving that institution was revived.

The Wilson Storage Co., has opened a cotton storage warehouse in a large brick building formerly used as a tobacco warehouse and many of the farmers are placing therein their cotton expecting higher prices later on. Wilson county has made a record crop of cotton this year, but owing to the low price the money value will not equal the crop of last year.

Tobacco sales continue fairly large and the planters are well pleased with the prevailing prices which are the highest in the history of the market which opened in 1890. The Wilson market will sell about 8,000,000 pounds this season and market about 20,000 bales of cotton.

The work of repaving Nash street from the A. C. L. railroad to Tarboro street, will be completed this week, making a notable improvement. Other streets will be repaved later on.

There is a great scarcity of dwellings at present, which shows that the town is going forward. A number of new residences are going up in all sections of the city, several of which will be quite costly and handsome.

## FARM DEMONSTRATION

**State Agricultural Workers Are At Asheville—Party Enthusiastic**

(Special Star Correspondence.)

Asheville, N. C., Oct. 26.—The State agricultural deminstrations are in session here having convened last night in a reception tendered by the board of trade at the Swannanoa-Berkeley Hotel. There are 50 demonstrators present, every county which has one being represented. The department at Washington is represented by W. W. Long, who has charge of the State demonstration work, and J. A. Evans, the assistant general agent on demonstrations work, also O. B. Martin, who has charge of the children's poultry and canning clubs. The sessions are presided over by C. N. Hudson, State agent, and E. S. Millsaps, district agent, and I. O. Schaub, head of the boys' corn clubs, are taking active part.

The meeting last night consisted for the most part in the addresses of welcome and responses and there were short talks by Mr. Long and Mr. Martin. R. R. Williams delivered the address of welcome and he was seconded by members of the board of trade.

At the opening of the meeting this morning there were a number of talks in tribute to the memory of Dr. Seaman A. Knapp, the pioneer in this demonstration movement, and after that the various demonstrators gave reports of the work they are doing in their respective counties. This was continued in the afternoon. Another meeting is to be held tonight and it is possible that the convention will adjourn tomorrow night. If business is not finished, however, another session will be held Friday morning.

It is a representative body of men. There is no evidences of hayseed in about their persons but the hay waves in their conversation. They are going at work energetically and the reports of the agents show that they are alive to the importance of what they are doing.

# SHE GOT WHAT SHE WANTED

## This Woman Had to Insist Strongly, but it Paid

Chicago, Ill.—"I suffered from a female weakness and stomach trouble, and I went to the store to get a bottle of Lydia E. Pinkham's Vegetable Compound, but the clerk did not want to let me have it—he said it was no good and wanted me to try something else, but knowing all about it I insisted and finally got it, and I am so glad I did, for it has cured me.

"I know of so many cases where women have been cured by Lydia E. Pinkham's Vegetable Compound that I can say to every suffering woman if that medicine does not help her, there is nothing that will."—Mrs. JANETZKI, 2063 Arch St., Chicago, Ill.

This is the age of substitution, and women who want a cure should insist upon Lydia E. Pinkham's Vegetable Compound just as this woman did, and not accept something else on which the druggist can make a little more profit.

Women who are passing through this critical period or who are suffering from any of those distressing ills peculiar to their sex should not lose sight of the fact that for thirty years Lydia E. Pinkham's Vegetable Compound, which is made from roots and herbs, has been the standard remedy for female ills. In almost every community you will find women who have been restored to health by Lydia E. Pinkham's Vegetable Compound.

## RIOTING AND DISORDER

**Is Expected in Honduras—American Gunboat There**

Mobile, Ala., Oct. 26.—Advices received heer today from Honduras on the arrival of the British steamship Lillie are to the effect that rioting and general disorder is expected to accompany the presidential election in that Republic next Sunday. To protect American interests here, the American gunboat Wheeling has been dispatched to Puerto Cortéz and is now in port there.

What makes a man so excited in an argument is he resolved at the start not to be.

MILAM
Contains no Potash no Calomel or MERCURY in ANY FORM contains no Alcohol no Opium Morphine Strychnine Arsenic or other dangerous ingredient
PURE FOOD INSPECTOR

*How to avoid dangerous medicines Just read the labels*

*Read the Labels.* The pure food and drug law was designed for the protection of all, but it only protects those who read labels.

The law prevents false claims—on the labels—not in the advertising. The law makes the label tell if the medicine contains alcohol. Not so in the advertisement.

## Read the Label

The law specifies a list of such drugs as are considered dangerous unless prescribed by a physician, such as opium morphine, cocaine, acetanelid, canabis indica, chloral, arsenic, strychnine, etc., and makes the LABEL tell if any of them are contained in the medicine. The advertising does not have to. Therefore when buying medicine **Read the Label** The next time you are inclined to buy a tonic or a remedy for any of the ills that come from impure, impoverished or acid blood, ask your druggist to let you read the label on a bottle of MILAM. This preparation has no rival. If you suspect any other preparation of being in its class, *Read the Label.* Look for a guarantee of benefit. Look for ALCOHOL and other dangerous and habit forming ingredients. Any preparation can claim what we claim in their advertising: NONE CAN on their labels.

READ THE LABELS!

MILAM FOR GOOD BLOOD

## Astyptodyne Croup and Pneumonia Salve

Contains no OPIATE or HARMFUL DRUG.

Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under Act of Congress, March 2nd, 1874.

FULL ASSOCIATED PRESS REPORT.

Friday, October 27, 1911.

Senator Pomerene sounds like some sort of banquet.

What everybody wants to do is to discover an easy way to disintegrate so nobody will notice it.

We don't know that it is fair to Col. Roosevelt to say that his keeping quiet is the same as "laying low."

If President Taft loves a fight he will enjoy himself trying to swat Democrats in front and insurgents in rear.

Mr. Jack Frost will be welcome on account of his ability to swat the pestiferous fly and the cusstiferous mosquito.

Champ Clark gets bigger every time he opens his mouth, while some men put their foot in it every time they open their mouths.

The Hon. William Randolph Hearst, has given it out that he is "back in the Democratic fold." He didn't want to remain on the outside and keep it from being unanimous.

President Taft said in his speeches out West: "I want the people to know where I stand."At the same time they have known all along that he is right in the same old hole.

The Baltimore Sun is informed that "the Consolidated Gas, Electric Light and Power Company is out of politics." It looks like politics is going to get to the point where the ward heelers will soon have to get another job.

Says the Houston Chronicle: "A South Dakota ranchman has been sued for breach of promise on the basis of letters patterned after the Songs of Solomon." However, Solomon didn't wait to be sued. He saved trouble by acting like a street car that always has room for one more.

Philadelphia seems to be the home of Jacks the Giants Killers. The Quaker City Athletics on yesterday won from the Gotham Giants the world's baseball championship. All excuses, eventualities and hard luck spiels aside, the Philadelphians clearly demonstrated that they are the premiers in the great American game.

Probably Col. Roosevelt is going to keep quiet because he would have to talk like a phonograph if he attempted to explain every report connecting him with the James Rudolph Garfield movement in behalf of the nomination of Senator LaFollette. It would appear that the Colonel is quietly awaiting some emergency or eventuality.

The Charlotte Observer liquidizes as follows: "The melancholy days are here, the saddest of the year, If frost refuses soon to fall, we'll have to borrow things to wear." The frost is on the pumpkin and the chill is in the air, But Summer clothes are handy when there's nothing else to wear. What will shiv'ring poets do? Only goodness, gracious knows, They can't be seen in public when they haven't got the clothes.

The Atlanta Georgian remarks that "the irony of fate seems to have hovered pretty continuously over President Taft's career as a politician." The irony of fate is something bad that happens to a man whose ear is open to the lamentations of plutocracy but is closed to the rude alarm of the consumer who is making a noise about the burdens saddled on him by a protective tariff so exacting as to add absurdity to its infamy.

Gracious! The Petersburg Index-Appeal is trying to defend fried chicken as they know it in Virginia, where the veterans of the barnyard are slain with a fence rail and cooked with the fell purpose of keeping visitors from eating the last piece on the plate. The Baltimore Sun, the Richmond Times-Dispatch, the Birmingham Age-Herald, and other interlopers have also put in their oar and attempt to dilate on fried chicken. They know nothing whatever about the delicious North Carolina fried chicken, which is dipped in batter, simmered in butter, and then dashed with rich Jersey cream to make plenty of gravy for rice, with buttermilk biscuits on the side.

The London Day, in referring to the constantly increasing cost of publishing a newspaper, says "more money is needed in putting out one issue of The Day now than was necessary in getting out an entire week's issue only a dozen years ago," but it reminds its readers the price of the paper to them is no greater even when the cost of white paper has increased 30 per cent. in six years. It may be added that while the cost of production has become five or six times greater, and the cost to the reader is no more, in most cases a considerable part of the increased cost has gone into bettering the quality of the newspaper. The newspaper is the one necessity of civilization that costs the consumer less than 20 years ago, while it has increased in efficiency.—Columbia State.

## TOURIST POSSIBILITIES.

The enterprising Atlantic Coast Line, with headquarters at Wilmington, has just issued its Winter folder for the benefit of the tourist travel. It is a gem in its pictorial and typographic presentation of the attractions in the South for tourist travel. It is a seductive invitation to tourists to take "tropical trips" and enjoy subtropical sojourns in the Sunny South. It is a pocket guide to pleasure and health, for it points out the South's delightful Winter resorts and combines with its artistic features a hotel directory that is extremely helpful to those who wish to slip away from the Wintry blasts of the North and avoid the rigors of Winter in the higher climes.

The Coast Line folder is so pretty that one is inclined to preserve it as a souvenir. Its color printing, attractive illustrations, conveniently arranged maps and descriptive features all combine to make it a comprehensive companion for the traveler through the Acadian preserves of the Southland. From the foreword of the folder we take the following:

"It is intended in this publication to touch briefly, in a descriptive way, upon the many delightful resorts of easy access to those seeking health and pleasure in the 'Sunny South-land.' Year by year the number of resorts sought by tourists is increasing, and the facilities for comfortably entertaining them are enlarging correspondingly. It is generally accepted as a truism that recreation is just as necessary as occupation, if healthy life is to be attained. Splendid hostelries have been erected, various methods of amusement provided, and, with the unexcelled transportation facilities, naturally this section of the Union grows steadily in popularity with the thousands of visitors from the North and West. The rails of the Atlantic Coast Line reach, without a break, from Richmond and Norfolk, Va., in the North, to Fort Myers, Tampa and St. Petersburg, on the extreme southern Gulf coast of Florida, passing through Virginia, the Carolinas, Georgia and Florida, piercing the western territory as far as Montgomery, Ala., and Tifton and Albany, Ga., these points being its three Western gateways. It also reaches many other important and interesting points with its network of lines. Through trains are operated between New York, Chicago, St. Louis, Cincinnati, Louisville and other great cities of the East and West and Florida, via the eastern and western gateways of this system. These trains are unexcelled in elegance of appointment and comfort, all the arrangements being suited to the tastes of the most fastidious. A labyrinth of Winter resorts is located on the Atlantic Coast Line and all the resorts of South Carolina, Georgia, Florida, Cuba and Nassau are most conveniently reached by it."

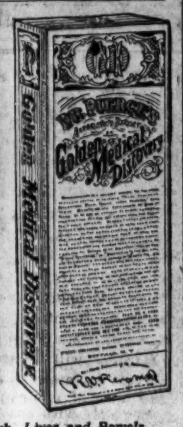
The Star wishes to emphasize the fact that wherever there are suitable hotels, golf courses, and other conveniences and attractions to lure visitors, the Coast Line has illustrated and described them in a folder that will have a tremendous circulation in the North. Wilmington would be in the pictures if it had the three hostelries which the Star has been urging from time to time for the purpose of turning the tide of profitable tourist travel in this direction. Nevertheless, the folder carries a picture of the pretty club house of the Cape Fear Golf Club at Wilmington. Underneath it this is said of the Wilmington club house and golf course: "It is situated between the city and the Atlantic ocean. Wilmington, with its environing beaches, is already a famous Summer resort, and has great promise of being one of the South's most famous Winter resorts."

Thus we observe that the tourist folder recognizes the availability and possibility of Wilmington as a tourist resort, and that is more than our own capitalists and people have done, in spite of the fact that all recognize the glorious climatic asset and numerous attractions possessed by this community. Nature has been extravagant in her kindness to this region and has been lavish in throwing around us the possibilities for making this the mecca of thousands of seekers after pleasure and health.

Soon the magnificent tourist trains of the Coast Line will be thundering southward, carrying wealthy sojourners to the resorts which are prepared to entertain them. Camden, Aiken, Augusta, Thomasville, Jacksonville and other resorts figure largely among the South's attractive resorts and they are prepared for the rich harvest as soon as the season fairly opens. In fact, the migratory pleasure seekers are already on the wing, and Charleston, having waked up to the profitableness of the tourist business, has prepared to catch her share, while there is now a live movement on foot to place Charleston in the front rank as a resort. That the movement South already has been commenced and that the tourist business pays in more ways than one, the Jacksonville Times-Union a few days ago said:

"Visitors are beginning to arrive in Florida even before the Summer heat has left us. True the Summer heat has lingered longer this year than ever before, but it is also true that visitors are coming earlier. We believe that this is in part due to the interest that is being taken in Florida investments. The people of the United States are learning that they can get better returns for their money here than elsewhere and they come early with a view of mixing business with pleasure by looking around for investments. The homeseekers are coming, too, in troops and so the travel Floridaward is attaining proportions unprecedented at this time of the year. The State is increasing rapidly in population, but not more rapidly than the opportunities for advancement justify. Florida's gain of

Stomach Blood and Liver Troubles



Much sickness starts with weak stomach, and consequent poor, impoverished blood. Nervous and pale people lack good, rich, red blood. Their stomachs need invigorating for, after all, a man can be no stronger than his stomach.

A remedy that makes the stomach strong and the liver active, makes rich red blood and overcomes and drives out disease-producing bacteria and cures a whole multitude of diseases.

*Get rid of your Stomach Weakness and Liver Laziness by taking a course of Dr. Pierce's Golden Medical Discovery —the great Stomach Restorative, Liver Invigorator and Blood Cleanser.*

You can't afford to accept any medicine of *unknown composition* as a substitute for "Golden Medical Discovery," which is a medicine OF KNOWN COMPOSITION, having a complete list of ingredients in plain English on its bottle-wrapper, same being attested as correct under oath.

*Dr. Pierce's Pleasant Pellets regulate and invigorate Stomach, Liver and Bowels.*

240,000 was more than half from immigration. The fact that nearly 150,000 of this was the gain of the last half decade shows the increasing flow of immigration to this State. The gain during the first half of the decade of a shade less than 100,000, was about half from immigration and half from births. Of the 150,000 increase during the last half decade nearly 100,000 was from immigration and most of this came during the last two years of the decade."

Pick out the pith in the above and you will observe that tourists not only come to sojourn but some to linger and settle. They bring their money to have a good time and keep their eye out for investment opportunities. Later they draw on their capital, and so Florida gets tourists, increases her population, adds to her wealth from the capital they invest, and there is set in operation the factors for the wonderful development experienced in the Land of Flowers within the past few years.

The tourist travel has paid Florida. It has been profitable to Southern Pines and to Camden and to Aiken, and other resorts, and that is the reason they are keeping house and playing golf for the munificent and sociable tourists. It pays the Atlantic Coast Line, for it issues costly and attractive booklets to attract them, constructs special schedules for their convenience, and finally runs for their accommodation magnificent through trains composed of the most palatial, luxurious and comfortable railway coaches that roll over America's great railways.

Tourist travel would pay Wilmington and North Carolina in the same way that it has paid Jacksonville and Florida. The evidence is in the concrete in what we have quoted from Florida's great paper—probably the biggest asset of the land of perennial bloom and charming clime.

## "SOME ORATOR, BELIEVE US."

A North Carolinian has been up to Maine and elsewhere in New England and has made a splendid impression on the people wherever he went. The visitor was Mr. J. H. Southgate, of Durham, who has the distinguished honor of being President of the National Association of Fire Insurance Agents, and while he made a fine impression on the New Englanders and won so many plaudits for himself and reflected great credit upon North Carolina and the South, not the least notable feature of his trip was the very great cordiality and sincere appreciation accorded him by the New England people with whom he came in contact.

President Southgate attended the annual meeting of the Maine branch of the National Association, held at Portland, October 20th. He delivered a stirring address and it called forth cries of "good" and enthusiastic applause. The Portland Daily Press, in its report of his address, made this flattering declaration: "Mr. Southgate is some orator, believe us, and although he had been heralded as such, it is pretty safe to say that the Maine agents hadn't expected quite so rare a treat." As a further evidence of the warm reception of the New Englanders, Mr. Henry H. Putnam, of Boston, secretary and treasurer of the National Association, writes Col. Walker Taylor, of Wilmington, one of the prominent figures in the Association:

"I know you will be pleased to know something about President Southgate's trip through New England. It was a great success from every point of view. We had larger meetings than ever before; greater enthusiasm and an evident determination to take hold and make the State associations in this section larger than ever. President Southgate made a splendid impression upon New England agents. He was received with open arms, not only as president of the National Association, but as a Southerner. I have never seen, myself, a more enthusiastic appreciation of speaking than was shown by New England agents of Mr. Southgate's. He rose fully to the occasion, his remarks were stirring and pointed and gave a big new impulse to the whole association movement. We have, as you know, been building a foundation during the last 15 years, but the time has come for a great forward movement for our association and Mr. Southgate, with his broad talk and eloquent way of presenting his ideas has come forward, in my opinion, at just the right time to give this associated movement a big forward push.

"I wish you could have been here and gone through New England with the president. He did not confine his remarks altogether to insurance, but spoke of the general world movements and their effects upon New England and New England people, bringing down the general movement and the conditions of the business, and professional life, and politics to its application to the insurance business, showing how the insurance men must keep up with the tide of general movement and bring the standards of efficiency up to the higher plane. Already I have received evidences that there is to be a demand for President Southgate in other sections and it seems to me that you, who have helped to secure Mr. Southgate's election to this important office, and the people of North Carolina would like what Mr. Southgate is doing in the line of honest and earnest endeavor. I want to say to you that Mr. Southgate made a great big hit up here and it will be of some benefit to the general public to know that a leading citizen in North Carolina came up to New England and got a very warm hand."

It is pleasant to record these nice sentiments concerning a North Carolinian and to note that a Southerner's ability meets with recognition and approval in every section of our glorious Union whose destiny and prestige belongs no more to New England than it does to Dixie.

## CURRENT COMMENT.

Mr. Hearst says he is a Democrat and Tom Watson says he is a Democrat, so it must be conceded that we are all together again.—Savannah Press.

Charlotte has been selected as a proper point for the establishment of a mammoth fertilizer factory. Vastly more extensive than was indicated by early reports, the new concern is to become one of the biggest industries in this general section, having behind it seven million dollars. Of course, the Queen City extends the glad hand to such enterprises.—Charlotte Observer.

Henry Clews, the New York banker, is an optimist. After having year in and year out decried and denounced those who sought to curb "big business" as senseless agitators and enemies to the commercial progress of the country, he is now out in a letter in which he sees the possibility of the country's growth and prosperity with business honestly conducted and inside legal limits. Good for Mr. Clews.—Chattanooga Times.

There are very few taxpayers who take an intelligent interest in the financial affairs of the city. Yet, as taxpayers, they are really stockholders in the corporation, and should feel that they have a right to know just how the business stands. In a few days the reports of the auditors, who have been at work on the city books checking up the affairs of the retiring administration, will make their report. This report, it is said, will be one of the most thorough that has ever been made. It will furnish each and every citizen with a good starting point if they wish to "turn over a new leaf" and keep up with the finances of the town in the future. It costs something over $400,000 to run the city of Spartanburg a year, according to our understanding of the figures submitted by City Clerk Carlisle, which puts us a business proposition worthy of notice. Have a look at the report to be issued soon and make a study of your town's finances. You will be a better citizen and certainly a more useful one.—Spartanburg Herald.

## CUPID'S RARE PRANK

### Laughed at Age and Poverty in Nash County Home

(Special Star Correspondence.)

Nashville, N. C., Oct. 26.—Cupid laughed at age and poverty in the County Home here and wove a romance which ended this afternoon, in one of the strangest marriages in the history of North Carolina. Buck Colston, aged 70, obtained a license to wed Minnie Cooley, aged 50. They were married this afternoon by Squire G. T. Baines. They will live at the County Home. Buck Colston had known the widow only since the first of the year. Her husband died less than a month ago, died at the County Home where he had come with her early in the Spring from their home near Elm City. It was almost love at first sight, for the aged couple and they thought nothing of wedding so soon after the first husband's death for neither the aged bride nor her elder bridegroom have long in which to enjoy the things of this life. Colston is a character, well-known all over the county and well liked for almost the last 40 years he has been an inmate of the home and up to three years ago he earned what he could by selling peanuts under the spreading oak tree near the Court House during court week. He is crippled and uses a crutch and his familiar figure will live long in the memory of Nash county lawyers. About three years ago he became worse and was compelled to give up even the gentle occupation of "goober" vender. His friends among the lawyers and the citizens of the county are wishing him well.

Of course, a man with a better half isn't the whole thing.

WHY HAVE GRAY HAIR

Sage and Sulphur Will Restore Gray and Faded Hair to Its Natural Color.

There is nothing new about the idea of using sage for restoring the color of the hair. Our great grandmothers kept their locks soft, dark and glossy by using a "sage tea." Whenever their hair fell out or took on a dull, faded or streaked appearance they made a brew of sage leaves and applied it to their hair, with wonderfully beneficial effect.

Nowadays we don't have to resort to old-time, tiresome methods of gathering the herbs and making the tea. This is done by skillful chemists better than we could do it ourselves, and all we have to do is to call for the ready-made product, Wyeth's Sage and Sulphur Hair Remedy, containing sage in the proper strength, with the addition of sulphur, another old-time scalp remedy.

The manufacturers of this remedy authorize druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

Don't neglect your hair. Get a bottle of Wyeth's Sage and Sulphur today, and notice the difference after a few days' use.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.

Special Agent: J. Hicks Bunting Drug Co., Front and Grace streets.

Hats and Cloaks

'Twould be impossible to adequately describe this Splendid Showing in so small a space, but to come to the point: We have just received another shipment of the new Hats in Hood Shape, made of Velours, Scratch Felt and Fine Beaver, in black, white and the new color line, ranging in price, $1.48 to $5.98.

Women's Top Coats—New styles have walked in, $12.50 to $20.00. A special group of Rich Brown, Grey, Oxford Grey and Tan and Black; double faced Scotch Plaid Back, at $15.00.

Outing Underwear—Well made Skirts of good heavy, neat patterns, Outing, at 48c, 59c, 69c, 75c.

Outing Gowns, full size, well made, good quality Outing; neat stripes, at 69c and 98c.

Children's Gowns, 39c, 50c, 75c.

Now is the Time to Buy Blankets and Comforters:

Comforters, . . . . . 75c to $5.00

Blankets, . . . . . 50c to $8.50

New Lot Black Silk Hose at 98c.

Woman's Happiness

The highest point of woman's happiness is reached only through motherhood, in the clasping of her child within her arms. Yet the mother-to-be is often fearful of nature's ordeal and shrinks from the suffering incident to its consummation. But for nature's ills and discomforts nature provides remedies, and in Mother's Friend is to be found a medicine of great value to every expectant mother. It is an oily emulsion for external application, composed of ingredients which act with beneficial and soothing effect on those portions of the system involved. It is intended to prepare the system for the crisis, and thus relieve, in great part, the suffering through which the mother usually passes. The regular use of Mother's Friend will repay any mother in the comfort it affords before, and the helpful restoration to health and strength it brings about after baby comes.

Mother's Friend is for sale at drug stores. Write for our free book for expectant mothers which contains much valuable information, and many suggestions of a helpful nature.

CERTIFICATE OF DISSOLUTION.

To All to Whom These Presents May Come, Greeting:

Whereas, It appears to my satisfaction, by duly authenticated record of the proceedings for the voluntary dissolution thereof, by the unanimous consent of all the stockholders, deposited in my office, that The Auto Company, a corporation of this State, whose principal office is situated at No. 114 N. 2nd Street, in the City of Wilmington, County of New Hanover, State of North Carolina (W. G. Elliott being the agent therein and in charge thereof, upon whom process may be served), has complied with the requirements of Chapter 21, Revisal of 1905, entitled "Corporations," preliminary to the issuing of this Certificate of Dissolution:

Now, Therefore, I, J. BRYAN GRIMES, Secretary of State of the State of North Carolina, do hereby certify that the said corporation did, on the 23 day of October, 1911, file in my office a duly executed and attested consent in writing to the dissolution of said corporation, executed by all the stockholders thereof, which said consent and the record of the proceedings aforesaid are now on file in my said office, as provided by law.

In Testimony Whereof I have hereto set my hand and affixed my official seal, at Raleigh, this 23 day of October, A. D. 1911.

J. BRYAN GRIMES,
Secretary of State.

CITY LIVERY COMPANY

# 8TH ANNUAL CONVENTION

**National Rivers and Harbors Congress to Be Held In Washington in December—Local Delegates To Attend**

Literature containing a statement of the importance of representation at the eighth annual convention of the National Rivers and Harbors Congress to be held in Washington, D. C., December 6th, 7th and 8th, has been received by Mr. Meares Harriss, of this city, secretary of the North Carolina Waterways Association, who stated last night that Wilmington and North Carolina would send a strong delegation to the meeting. Delegates will be announced within a few days.

The convention will be held at the New Willard Hotel and will continue in session for three days. It is confidently expected that the convention will be fully up to the high standard of former meetings of the organization. Some of the best posted men in the country on river and harbor improvement have been invited to deliver addresses and included in the list are some of the leading men of the country in both private and political life. Railroads will make special rates from practically every section of the country to the meeting. The following is taken from the communication to Mr. Harriss:

"The National Rivers and Harbors Congress, in its advocacy of the adoption, by the Federal government, of a fixed and definite waterway policy for the benefit of the deserving river and harbor projects of the country, declared, in the beginning, as one of the cardinal principles necessary for such a policy, for the passage of annual river and harbor bills by the United States Congress.

"The Sixty-First Congress, at its first regular session, realizing the justice of the demand for annual bills, as made by this organization, passed a river and harbor bill and declared for annual appropriation measures. At its second session this declaration was carried out, and a second consecutive river and harbor bill passed, making a total of river and harbor appropriations made by the Sixty-First Congress of $88,902,830, a larger amount than was ever appropriated by any Congress in the history of the government.

"The declaration for, and the carrying out of, annual river and harbor bills by the Sixty-First Congress places only a moral, and in no sense a legal, obligation upon the present (Sixty-Second) Congress, the political complexion of which has been entirely changed, and all friends of river and harbor improvements will have to come this year before a practically new Congress and a new River and Harbor Committee that must be shown as was its predecessor, that there is a great and overwhelming sentiment throughout all sections of the Union, first, for annual appropriations for the benefit of the meritorious waterways of the country and, second, for the adoption and passage into law of a definite and fixed waterway policy that will enable the proper executive officers of the Federal government to carry to rapid completion all river and harbor projects that may be adopted by act of Congress.

"Time and experience have furnished conclusive proof to all advocates of special river or harbor improvements that the completion of the particular project which most interests and concerns their respective communities will not, until the Federal government adopts and puts into effect a definite waterway policy, such as is advocated by the National Rivers and Harbors Congress, proceed any faster in the future than in the past.

"The experience of the past six years has shown to all students of the question of river and harbor improvement the necessity of combining all friends of such improvements under the leadership of a central organization such as is the National Rivers and Harbors Congress, which, while working for none in particular, is working for the benefit of all in general. The benefit of such a central organization is directly evidenced by the fact that in the six years of active work by the National Rivers and Harbors Congress appropriations have increased, over those of the preceding seven years, to the amount of $81,577,735.

"Is further argument or words necessary to show you why you should attend this convention and interest yourself in having your community strongly and properly represented at the meeting?"

## THE CHARLOTTE BONDS.

**Trust Company Acted for Northern House—Delivery is Made.**

In view of the fact that Wilmington is just now offering a similar issue of bonds in many respects and about the same in amount, the following from Wednesday afternoon's Charlotte Chronicle will be read with interest:

"City Clerk and Treasurer Arthur H. Wearn left Tuesday night for New York, acting in his official capacity, to carry and deliver to Estbrook & Company, the well known metropolitan banking firm, the $465,000 on bonds recently purchased for that firm by the American Trust Company of this city. Mr. Wearn will proceed immediately to the offices of Estbrook & Company, where he will officially attach his signature to the bonds, attesting the signature of Mayor C. A. Bland, who signed the bonds Monday and Tuesday.

"Mr. Wearn, as city treasurer, received Tuesday afternoon from the American Trust Company a check for $468,911.25, representing the sum paid for the bonds together with the interest on the money since the date of the issue. This money is now available for the work for which the bonds were issued, as follows: For purchase of Auditorium, $65,000; for schools, $100,000; for extension of waterworks system, $300,000.

"There may yet be issued for waterworks extension $50,000; for street improvement, $150,000; for sewer extension, $150,000, making the total of $815,000 voted upon July 4th. It is not improbable, however, that the waterworks extensions will be completed for the $300,000 issued, and that it will not be necessary to issue the additional $50,000."

# CORNER-STONE OF BUILDING

**Imposing Exercises at Church of Good Shepherd Next Wednesday Afternoon—The Programme Announced.**

Imposing ceremonies and interesting exercises will mark the laying of the corner-stone of the handsome new house of worship being erected by the Church of the Good Shepherd, corner of Sixth and Queen streets, which will take place next Wednesday afternoon, All Saints' Day, at 4 o'clock, the programme for which was announced yesterday. Splendid progress is being made in the construction of the building, which will cost in the neighborhood of $7,000, and which, it is hoped, will be ready for service by Easter Sunday.

Rev. Thos. P. Noe, rector of the church, has issued an attractive little pamphlet giving the programme, names of the officers of the church, committees, etc. Mr. Noe is chairman of the building committee and Messrs. J. H. Burriss, D. D. Barber, Anson Alligood and Swift Boatwright are the other members. The exercises Wednesday afternoon will take place in the open, where the corner-stone is to be laid and will begin with the processional hymn, "Our Father's God to Thee," followed by the reading of Psalms, creed, Lord's prayer and other short prayers, after which hymn No. 491, "The Church's One Foundation," will be sung. Then there will be short addresses by ministers and laymen present, following which the corner-stone will be laid. St. John's Lodge, No. 1, A. F. & A. M., has been invited to lay the corner-stone, acting as the Grand Lodge. It is understood that the lodge has asked for a dispensation from the Grand Lodge and this will be granted if the date does not conflict with a dispensation granted previously. Following the laying of the corner-stone the exercises will be brought to a close with the singing of a hymn.

The church expects to have present several choirs of other Episcopal churches in the city and the singing will be one of the features. The public generally is invited to attend.

## GRAND PRIZE RACE.

**Big Automobile Meet at Savannah, Ga., November 27th to 30th.**

A series of events which is attracting wide interest is the Grand Prize Automobile Races scheduled on the new automobile course at Savannah, from November 27th to 30th.

The course has been shortened to 17 miles, and has been improved by the elimination of numerous curves, the widening and oiling of the track to insure freedom from dust, and in many other ways, so that the course has been pronounced one of the finest in the world, not only by expert road builders, but by the world's most famous drivers, nearly all of whom will enter for the various prizes. Grand stand "A" has 98 private boxes and seats 11,000 people and grandstand "B" seats 16,750 people.

The programme for the races are filled with National and International events as the following schedules for the first and last days will indicate.

Monday, November 27th: Vanderbilt Cup Race, distance 289 miles, first prize $2,000; second prize $500; third prize $250. Tiedeman Trophy Race, distance 170 miles, first prize $1,000; second prize $250; third prize, $125. The Savannah Challenge Trophy, distance 221 miles, first prize $1,000; second prize $250; third prize, $125. These races will be run simultaneously.

Thursday, November 30th. Third International Road Race, of 408 miles, for the Grand Prize of the Automobile Club of America for the Gold Challenge Cup, valued at $5,000, and $4,000 in cash; second prize $2,000; third prize $1,000. Many special and handsome gold and silver plaques and other prizes will be awarded.

On the afternoon of November 29th, at the grounds of the Savannah Athletic Association, the football teams from the University of Georgia and the Alabama Polytechnic Institute, Auburn, will again battle for the supremacy of the South. This game is an annual event, and one that has always proven interesting and exciting to those interested in athletic sports.

Low excursion rates from all points in the Southern States and from many Eastern cities, have been authorized. Tickets will be on sale from points in North Carolina and from November 24th to 29th, and from South Carolina points from the 26th to 29th, inclusive, limited returning to December 4th.

The Atlantic Coast Line is making extensive preparations to handle the crowds that are expected to attend these races. Their schedules are most convenient and ample equipment and special cars of all classes will be provided, and whenever necessary, extra trains will be operated. They have arranged tracks convenient to the grandstands for parking private car parties.

The Coast Line has issued a handsome 12-page folder, containing a comprehensive map of the course and all its adjuncts, a list of rates from principal points, pictures of some of the grand prize winners of recent years, and a lot of other matter of interest to those who contemplate attending these interesting and famous events. The round trip rate announced from Wilmington is $10.80. Copies of this folder, together with any desired information may be obtained by addressing T. C. White, General Passenger Agent, Wilmington, N. C.

**Funeral of Infant.**

The funeral of Carrie V. Dicksey, the infant daughter of Mrs. A. H. Dicksey, whose death occurred Tuesday afternoon at the home of her uncle, Mr. Melvin Horne, No. 14 West Queen street, was held yesterday afternoon at the family burying ground on the Market street road, about eight miles from the city. The service was conducted by Rev. J. S. Crowley, pastor of Immanuel Presbyterian Church.

**Mr. John P. Wallace Dead.**

Friends will regret to learn of the death of Mr. John P. Wallace, which occurred at his home at No. 5 Delgado, yesterday afternoon at 3:30 o'clock. Mr. Wallace was 84 years old and was a native of Ireland, but had lived in this county for many years. The funeral arrangements were not announced last night.

# MORE EFFICIENT PLUMBING

**This Purpose of Regulation That Will Probably Be Adopted by the Council at Special Meeting This Morning**

The City Council will meet in special session at 10 o'clock this morning for the purpose of giving further consideration to the proposition, sprung at the last regular meeting, to adopt certain rules and regulations that will assure a better class of plumbing in the city. The plumbers themselves are said to be in favor of the proposed regulations and will be on hand this morning to give the Council the benefit of any suggestions they may have to make.

The matter was brought up Tuesday afternoon and considered at some length but action was deferred until this morning. It is from the health department that the matter has come to the attention of the Council and it was because the health officers have found defective plumbing in any number of instances throughout the city. Health officers found that the sewerage company had granted twice as many permits for lateral connections as the plumbing inspector had granted for the same purpose, and it is said that this will not be as liable to occur under the proposed new regulations. Plumbers will be required to stand an examination and none who fail to pass will be permitted to do a plumbing business in Wilmington. This with the proposed rigid inspection will assure first-class work in nearly every instance. Blanks have been prepared and it will be necessary for plumbers to secure a permit before undertaking a job and in case of failure to do so will lay them liable to heavy penalty. It was said last night that there was no doubt but that the proposed measures would be adopted.

At this meeting Dr. Nesbitt, city superintendent of health, will make report as to the estimate of the cost of making some needed improvements at the pest house. There are no cases of smallpox in the city now nor has there been any since July, but the Council desires to be in position to take care of any cases that may develop during the Winter. It is likely that a quarantine ordinance will be adopted at this meeting.

## MR. GRIFFITH NOT GUILTY.

**Mr. Bessellieu Did Not Appear and Case Was Dismissed.**

Yesterday morning in the Recorder's court Fred Griffith, white, was tried on a charge of violating the prohibition law and found not guilty. When the case was called Mr. E. C. Bessellieu, the prosecuting witness, failed to appear and the case was dismissed. Assistant City Attorney Geo. L. Peschau moved that the prosecution be adjudged frivolous and malicious and that the costs be imposed upon Mr. Bessellieu and the court ordered that this be done. After he had indicted Mr. Griffith Mr. Bessellieu changed his mind apparently and wrote to Chief of Police John J. Fowler and Attorney Peschau stating that he wished to drop the prosecution, but of course, no such action could be taken and the formality of a trial had to be gone through with.

Frank Lumpton, white, faced charges of carrying a concealed weapon and vagrancy. A sentence of three months on the county roads was imposed in the first case and upon motion of Prosecuting Attorney Peschau judgment was suspended on condition that Lumpton leave the city yesterday. This the man agreed to do. Judgment was reserved on the second count. For discharging a gun in the city limits Eddie Green was required to pay costs. Geo. Walker was charged with cruelty to animals, but he was found not to be the man wanted and the case was dismissed. James Williams, a lad from the country, was charged with violating the city driving ordinance. Judgment was suspended. Jim Santers and Walter Guion were charged with the larceny of a tub of butter from Mr. Ed Boushee's store on Water street. They secured the services of L. Clayton Grant, Esq., to represent them and as he had not had time to investigate the case it was continued until today. A case against A. B. Cowan, a white man charged with the abandonment of his children, was also continued until today.

## INVESTIGATED JACOB'S RUN.

**City Officials Make Inspection of the Drain—Will Report to Council.**

A party of city officials yesterday made a thorough investigation of Jacob's Run drain in the block bounded by Orange, Dock, Front and Second street, of which there has been much complaint in regard to unsanitary conditions, and a report of its findings will probably be made to the City Council at an early meeting. Those composing the party were City Engineer F. F. Pillett, Dr. Chas. T. Nesbitt, city superintendent of health, Geo. L. Peschau, assistant city attorney, and Councilman B. C. Moore, in charge of the Department of Public Safety. Hon. Jno. D. Bellamy was also a member of the party. Mr. Bellamy represented Mr. A. D. Wessell in the suit which was recently brought against him by the city for violating the sanitary ordinances and aside from this he also owns considerable property in the section traversed by the drain. It was said that Mr. Bellamy agreed that he and his client would connect with a private drain to be established and that the matter appears to be practically settled.

**Steamer Putney Bridge Here**

The British steamer Putney Bridge, Capt. Robinson, which has frequently visited this port during the cotton seasons for the past few years, arrived yesterday to receive cargo of the staple from Messrs. Alexander Sprunt & Son for foreign export. Capt. Robinson, the clever master, is well and favorably known here, and has many friends who will be pleased to meet him again.

**Gives Aid to Strikers**

Sometimes liver, kidneys and bowels seem to go on a strike and refuse to work right. Then you need those pleasant little strike-breakers—Dr. King's New Life Pills—to give them natural aid and gently compel proper action. Excellent health soon follows. Try them, 25c. at R. R. Bellamy's.

# TO BE HELD NOVEMBER 23RD

**Southport Will Celebrate Completion of Wilmington, Brunswick & Southern Road On Thanksgiving Day**

On Thanksgiving Day, November 23, Southport—not the sleeping little fishing village that has nestled for years at the mouth of the broad Cape Fear, content in its rustic simplicity, but a New Southport, with visions of great railroad terminals, government coaling stations, and all the militant marts of trade—will be dedicated to the interests of larger and better things in the way of commercial growth and prosperity with one of the biggest celebrations of its kind that has ever been held in this State, or, in fact, on the Atlantic seaboard.

The occasion will be the formal celebration of the completion of the Wilmington, Brunswick and Southern Railroad, the first to enter the seaport city, and on that day the first passenger train will be run over the road. Ere that time a regular freight schedule will have already been inaugurated and a daily freight service will be in operation. For many years Southport has dreamed of a railroad and the people of that town propose to celebrate the realization of their dreams in a truly fitting manner.

At a meeting of the Southport Chamber of Commerce held Tuesday night it was decided to hold the celebration on November 23rd instead of November 9th, as had been previously suggested. It was almost impossible to complete all the details of the big event by the 9th and the idea of holding the celebration on Thanksgiving Day appealed strongly to the enthusiastic gathering of citizens.

Secretary of the Navy Meyer, of President Taft's Cabinet, will head the long list of distinguished men who will be present, included in which will be Governor Kitchin and his staff, Senators Simmons and Overman, together with the entire North Carolina Congressional delegation. Many other prominent citizens and celebrities from all over the State will be present and the occasion will be a truly notable one.

The people of Southport are entering into the work of arranging for the occasion with a zeal and enthusiasm that marks the bustling little city nowadays and they will spare no effort to make the day as elaborate and memorable as possible.

A most attractive and entertaining programme is being arranged and many prominent speakers are down for addresses. The programme as yet is not complete but the committee in charge expects to have it ready in the next week or so, when it will be made public.

Several extra trains are announced to be run over the Wilmington, Brunswick and Southern road on that day, affording the people of this city and section the first opportunity of riding on a passenger train through one of the Garden Spots of eastern North Carolina.

One attractive feature of the occasion will be an old-fashioned barbecue and picnic dinner to which everyone will be invited, with the request that they bring along a basket. There will be music and other entertaining features and in the afternoon there will be boat races on the harbor front.

It is expected that the celebration will be largely attended by the people of this section, as well as the many who will come from a distance and a thoroughly enjoyable time is promised every one.

## AN ENTHUSIASTIC MEETING

**Services at Seamen's Bethel Largely Attended—Special Music**

With the advent of Winter and the increasingly large number of seafaring men in the port, the services at the Seamen's Bethel are growing in interest and attendance. Last night the regular service was one of the largest and most enthusiastic in many months. Dr. McClure conducted the service and in addition to the regular music by the organist, Mrs. Munds, and the soprano, Miss Carrie White, the programme was enhanced by selections from a quartette led by Mr. E. J. Reilly and a cornet solo, by Mr. Alvah Staniland. From now on it is proposed to make these services doubly interesting and there will be some special feature at each service. Seamen and rivermen are cordially invited.

**Real Estate Transfers**

Deeds were filed for record yesterday as follows: John Crandall and others, trustees, to Geo. W. Shepard and others, trustees, for $1 and other considerations, lot on Front, 99 feet south of Dawson street, 33x60 feet in size; Emily Bridgers, commissioner, to Archibald J. Hanby and wife, for $2,000 and other considerations, tract on Bradley's creek, containing lots 7, 8, 9, 10 and 11 in Mrytle Court; Frank Herbst to Archibald J. Hanby, for $1 and other considerations, tract in Harnett township containing all of Myrtle Court plat except lots 7, 8, 9, 10 and 11; C. W. Worth and wife to Tidewater Power Company, for $5,000, lot No. 4, in Block 85, city of Wilmington.

## LUCKY OLD PEOPLE

**Have Seen Wonderful Progress From Ox-Carts to Aeroplanes**

What wonderful progress the old people of today have lived to see. In their young days the railroad was as much of a novelty as the aeroplane is now, and nearly everything else has progressed as much.

Another modern idea is that people may be active and vigorous at 75 or 80 years if they will be careful to keep up their strength.

Mr. Jno. N. Kelly, aged 75, who lives at Lake Charles, La., says he was badly run-down from overwork, and took two or three bottles of Vinol by advice of his druggist. He is now better than for the past ten years and actually feels fifteen years younger

There is certainly nothing like Vinol, our delicious cod liver and iron preparation, to build up and keep up all weakened, run-down persons. It is especially good for old people, too, because it is very pleasant to take and agrees with the stomach. There is no cod liver oil in Vinol. We guarantee it to give you perfect satisfaction.—Robt. R. Bellamy, Druggist, Wilmington, N. C.

THAT BIG WHITE BUILDING

# Become a Depositor

ONE of the objects that every progressive man or woman should seek is to be a bank depositor. This bank numbers among its patrons many well-to-do, substantial people who began their bank accounts with small amounts. They have accumulated property and increased their bank deposits by careful saving and planning. We invite people in every walk of life to become depositors of this bank, and we assure every courtesy and attention.

WE CORDIALLY INVITE YOUR PATRONAGE.

## COUNTRY CLUB MEETING

**Tentative Officers of Organization Named Last Night**

An enthusiastic meeting of the promoters of Lakeside Park Country Club was held last night in the office of Mr. L. A. H. Koeth, the architect, in the Masonic Temple, at which plans of organization were discussed and tentative officers elected as follows: Chairman of board of control, J. J. Loughlin, Esq.; secretary and treasurer, Mr. E. C. Bessellieu; chairman of confection committee, Mr. L. A. H. Koeth; manager of membership committee, Geo. F. Meares, Esq. Another meeting will be held next Thursday night at which permanent organization will be perfected. Five new members were received last night, making a total of 39 and it is hoped to increase this number to 100 in a short time. It is planned to build a handsome club house at Lakeside Park, about 1 1-4 miles east of the city, overlooking the lake and the idea is to make it a social as well as boating club. The promoters are very enthusiastic over the prospects of the proposed organization, which will be composed pricnipally of young men of the community.

**Men's Meeting Sunday.**

Rev. Chas. A. Jones, who is assisting Rev. G. T. Adams with the revival service, which is now in progress at Fifth Street Methodist Church, will deliver a sermon to men Sunday afternoon at the Bijou theatre under the auspices of the Y. M. C. A. He has chosen as his subject, "Decision" and his remarks will be well worth hearing. A large number of men and boys will no doubt hear him.

Not all the hot air comes from furnaces.

**Attachment Papers Served**

From Justice Harriss' court yesterday morning attachment papers were issued against the personal property of Mr. D. C. Allen, Jr., of this city, in the possession of the Atlantic Coast Line Railroad Company. The Holmes Grocery Company sued out the papers, alleging that Mr. Allen was attempting to remove his effects to another State, leaving an unpaid grocery bill of $135. The case will be heard this morning.

**Its Equal Don't Exist.**

No one has ever made a salve, ointment or balm to compare with Bucklen's Arnica Salve. It's the one perfect healer of Cuts, Corns, Burns, Bruises, Sores, Scalds, Boils, Ulcers, Eczema, Salt Rheum. For Sore Eyes, Cold Sores, Chapped Hands or Sprains it's supreme. Unrivaled for Piles. Try it. Only 25c. at R. R. Bellamy's.

## SOCIAL & PERSONAL

Mrs. E. S. Nance, of Chadbourn, is in the city, the guest of Mrs. E. G. Mills.

* * *

Miss M. D. Fickling, of Darlington, S. C., is visiting in Wilmington for a few days.

* * *

Mrs. J. A. Hufham, of Clarkton, is spending some time with her mother, Mrs. H. L. Peterson, at No. 610 South Third street.

* * *

Under the auspices of the Ladies' Aid Society of Trinity Methodist Church a Hallowe'en party will be given next Tuesday night. Oysters and ice cream will be sold for the benefit of the society. The public is cordially invited to attend.

* * *

Friends of Mr. Carl B. Rehder will be delighted to know that after two months with his family at the Sahler Sanitarium, Kingston-on-the-Hudson, New York, he is very much improved in health. He expects to be at work in Richmond, Va., soon and friends will wish for him in his new home a large measure of success.

* * *

Raleigh, N. C., Oct. 26.—Miss Margaret Myatt, daughter of Mr. W. A. Myatt, one of Raleigh's most extensive and successful merchants, was united in marriage last evening at 6 o'clock to Mr. Edward Stanley Edmundson, of Smithfield, Dr. O'Kelly, pastor of the First Baptist Church, officiating. Miss Pearl Myatt was maid of honor and Dr. J. B. Edmundson, of Wilson, was best man. After a bridal trip, Mr. and Mrs. Edmundson will be at home in Smithfield.

* * *

Chadbourn, N. C., Oct. 26.—On Wednesday evening, October 25th, a quiet wedding was solemnized at the home of Mr. W. A. Pierce, of this place, the contracting parties being Mr. J. O. Harrell, A. C. L. agent at Hallsboro, and Miss Lula Pierce, the daughter of Mr. and Mrs. Geo. H. Pierce, also of Hallsboro. The ceremony was performed by Rev. M. A. Stephens, of Evergreen, in the presence of a number of friends. Both the bride and groom are among Columbus county's most substantial young people and their many friends join in wishing them a long and happy married life.

### ANNUAL FROLIC AT CAROLINA YACHT CLUB

The annual frolic was held last night at the Carolina Yacht Club, Wrightsville Beach, and the affair was thoroughly enjoyable to the large number who attended. Music and dancing occupied those present until about 9:30 when Geo. B. Elliott, Esq., assistant general counsel for the Atlantic Coast Line Railroad Company, formally presented the winners of the club regatta with the handsome prizes which they had won. To Captain J. Stevenson Brown he gracefully presented the handsome Jones-Walters trophy, given by Messrs. Pembroke Jones and Harry Walters, and in a few appropriate words he presented to Capt. E. A. Metts the second prize, the handsome club pitcher. Both gentlemen accepted the prizes in well-chosen speeches, as did Messrs. Sidney G. MacMillan and Waddell Watters, members of Captain Metts' crew.

Punch and other delicious refreshments were served and it was almost midnight before the assemblage broke up and came back to the city. The handsome club house was tastefully decorated with flags, palms and Southern smilax and presented a most attractive appearance. Music was furnished by the Hollowbush orchestra.

## PERSONAL PARAGRAPHS.

—Rev. F. A. Bishop, of Durham, is ill at the home of a relative at No. 916 Chesnut street.

—Friends of ex-Alderman T. B. Willard will learn with regret that he is ill of typhoid fever at his home on South Third street.

—Yesterday's Fayetteville Observer: "Mr. G. T. Emmart, of Wilmington, superintendent of the Metropolitan Life Insurance Company, is in the city."

—Dr. Ralph B. Seem, surgeon in charge of the James Walker Memorial Hospital, is off on his annual vacation of a month, most of which time he is spending with his parents in Pennsylvania. During his absence Dr. Joseph Akerman is in charge of the institution.

—Mr. Lee H. Battle, of Greensboro, who has many friends in Wilmington, is spending several days in this city. He is associated with Mr. Charles L. VanNoppen in the promotion of the Worth Delinting Machine, an invention of Mr. W. E. Worth, of this city, which has splendid posibilities.

—The advance agent of the United States Marine Band, which is making a tour of the South, spent yesterday in the city and endeavored to arrange an engagement for the band in this city for next Tuesday night, but the amount of the guarantee was so large that none cared to tackle the proposition.

—Among the arrivals at The Southern yesterday were: Geo. L. Graham and W. L. Mitchell, Florence, S. C.; Mr. and Mrs. R. F. Humphrey, Burgaw; J. D. Hendrick, Clarkton; Dr. B. T. Atkins and A. G. Holmes, Council; J. A. Wooten, White Hall; C. H. Wise, Atlanta, Ga.; Capt. J. L. Pinner, Newbern; W. T. Rochell, Hampstead.

—Rev. Thos. P. Noe, rector of the Church of the Good Shepherd, returned last night from Belhaven, where Wednesday night he addressed the Edenton Convocation, in session there, on the subject of Sunday schools—teachers and course of study being his particular theme. Mr. Noe is chairman of the Sunday school work of the diocese.

—Mr. H. E. Robbins will leave this morning for Bishopville, S. C., where he makes his headquarters now, after spending a few days in the city, having been called here on account of the serious illness of his nephew, Mr. H. W. Stevens, who underwent an operation at the James Walker Memorial Hospital last Friday for some stomach trouble which followed typhoid fever. His recovery seems now to be assured.

Tama Jim says he will not resign. In that event he will have to be canned.—Newport News Press.

## NEW ENTERPRISE FOR CITY

**Charter Issued to Standard Turpentine Company, A Local Concern—Several Business Men Are Interested**

Press dispatches received yesterday from Raleigh announce that a charter has been granted the Standard Turpentine Company, of this city, with an authorized capital stock of $125,000, of which $30,000 has already been subscribed. The incorporators are Messrs. H. C. McQueen, Alexander Sprunt & Son, Walker Taylor, M. J. Corbett and Thomas H. Wright.

Mr. H. C. McQueen stated to a Star representative last night that the company would take over the plant of the Standard Turpentine Company, of this city, which has been idle for several years. It was formerly owned by a number of New York capitalists. The plant is a large and fully equipped one and it has a large capacity. It is the intention of the new corporation to engage in the business on a large scale and with the complete plant and the splendid financial backing the new enterprise should prove a valuable asset in the commercial development of Greater Wilmington.

The company has been formed principally for the purpose of manufacturing wood turpentine, and it will produce no by-products for the present at least. Mr. McQueen stated that while no official action had been taken in the matter that it is likely that the plant will be put in operation within the next few weeks.

A meeting of the stockholders will be called in the near future and organization will be perfected with the election of the officers and the directors, following which the definite plans regarding the operation of the plant will be made.

With the many natural advantages of Wilmington for such an enterprise and the xcellent business ability of the men composing the corporation there can be little doubt of its success and it is practically certain to take its place among the foremost of the many excellent manufacturing concerns in this city.

## LOCAL DOTS.

—"Around the Clock" is the offering at the Academy of Music tonight. The attraction was seen in Raleigh Wednesday night and enjoyed by a large audience.

—Notice was received yesterday at the office of the Clerk of Superior Court of the dissolution of The Auto Co., on October 23rd by the Secretary of State. Mr. W. G. Elliott was given as agent of the company.

—In a civil action entitled C. E. Parker vs. J. S. Westbrook, Justice Bornemann yesterday rendered judgment in favor of the plaintiff for the full amount of his claim, $23.71. The case was tried Wednesday.

—Patrons of the steamer Duplin are asked to take notice that she will not receive freight October 27th, as expected, but that she will receive freight for all points up Northeast river as far as Smith's Bridge Tuesday, October 31st.

—The firemen were called out yesterday afternoon at 2:30 o'clock by an alarm on account of a small blaze at No. 1209 North Fourth street, house owned by Mr. J. H. Ahrens and occupied by Julia Williams, colored. The damage is estimated at $10.

—Excellent progress is being made with the installation of the electrical equipment of the Pocomoke Guano factory. Mr. E. Christian, an expert electrical engineer, stated yesterday that this feature of the plant will be ready for operation within 20 days.

### FUNERAL OF MR. MOYLAN.

**Body of Well Known Citizen Brought Here Last Night.**

Announcement of the death of Mr. James M. Moylan, a well known citizen of Wilmington, which occurred at Summerton, S. C., Wednesday night at 8 o'clock, following a brief illness, was received in this city with genuine regret by hundreds of friends by whom he was held in the highest esteem. The body was brought here on the late train last night and was tenderly conveyed to his home at No. 515 South Second street.

Mr. Moylan was a traveling man, representing a large and well known art house in New York, and was on one of his regular trips when he became ill at Summerton, S. C., about a week ago, suffering an attack of malarial fever. His wife and little 12-year-old son, John Moylan, went to his bedside several days ago and was with him when the end came as the result of a congested chill Wednesday night at the hour mentioned.

Mr. Moylan was 52 years old and is survived by his wife and young son and one brother, who lives in Baltimore. He is a native of Baltimore, but has lived in this city for a number of years. He was a member of St. Andrew's Presbyterian Church. Mrs. Moylan's sister, Mrs. L. A. Barr, and her husband, are expected to arrive this morning to attend the funeral, and Mrs. Moylan's son, Mr. Jas. D. Holt, is expected from New York City.

The funeral will be held from the residence, No. 515 South Second street, at 3:30 o'clock this afternoon, and the interment will be in Bellevue cemetery.

### THE LAX-FOS WAY.

If you had a medicine that would strengthen the liver, the stomach, the kidneys and the bowels, and at the same time make you strong with a systemic tonic, don't you believe you would soon be well?

That's "The Lax-Fos Way."

We ask you to buy, the first bottle on the money-back plan, and you will ask your druggist to sell you the second.

It keeps your whole insides right.

There is nothing else made like Lax-Fos.

Remember the name—LAX-FOS.

### FUNERAL.

The funeral of Mr. James M. Moylan will be held from the residence, No. 515 South Second street, at 3:30 o'clock this (Friday) afternoon. Interment Bellevue cemetery. Friends and acquaintances respectfully invited to attend.

## ..Theatrical..

The Ritchie London Musical Comedy Company will present their latest and best musical comedy, "Around the Clock", at the Academy tonight and their engagement here should prove a record-breaker, as they bring with them a brand new play that replaces their success of last season, the never-to-be-forgotten travesty, "A Night in a London Music Hall." The scenery, costumes and effects are the best seen in any comedy production that travels today. Naturally the Ritchie company will occupy the centre of attention, although they are surrounded by almost 50 other capable players. Every act of the comedy has many up-to-date songs, dances and specialties. The score is by Howard P. Webster.

Seats for "Around the Clock" went on sale at Plummer's yesterday, and the highest price for tonight is $1, save for box seats. This practically makes the very highest $1, and the lower part of the theatre is divided so as to give some 75-cent seats there. The reduction in the prices was made simply because of the large number of attractions the Academy has presented this month.

Coming as a fresh testimonial to "Around the Clock," is the following from yesterday's News and Observer: "Presented as a sparkling comedy, 'Around the Clock,' gave great pleasure to the audience at the Academy of Music last night, and the declaration heard from those in attendance was that it was a jolly and merry performance. The applause and laughter was another proof that the performance was greatly enjoyed. The costumes are attractive, and the comedy has life in it.

"The company while not a very large one, has in it many who make the performance go with a rush. Chief among the fun makers may be mentioned Billie Richie, Charles Mark and Miss Loraine Lester, all adding much to the success of the performance. There was some clever dancers and many musical numbers well rendered and these were given much applause. All in all 'Around the Clock is a comedy that pleased its Raleigh audience, which passes on the word that it is worth while seeing and that it is a laugh-maker from start to finish."

**Programme for Concert.**

The programme for the concert to be given Saturday night in the Academy of Music by the Metropolitan Concert Company, was received here yesterday and is an attractive one. The concert will be given under the auspices of the Boys' Brigade. Tickets for the entertainment will be on sale at Plummer's today and tomorrow. The prices will be 75 cents for the seats down stairs and 50 cents for all others, including the gallery. It is expected that the opera house will be crowded with music lovers for the concert. The programme as announced, is as follows:

Spinning Quartette from Martha—Flotow.
Tenor Solo.
(a) Before the Dawn—Chadwick.
(b) Constancy—MacDowell.
(c) As in Waves Without Number—Chadwick.
Controlto Solo.
(a) My Love's but a Lassie—Hopekirk.
(b) A Scotch Lullaby—Fisher.
(c) Ecstacy—Rummel.
Soprano Solo.
(a) A Pastoral (Old Italian)—Veracini.
(b) Memory—Parks.
(c) Waltz Song (Romeo and Juliet)—Gounod.
Quartette—Tubal Cain, A Ballad—Dunhill.

**Part II.**

Base Solo—The Monk—Meyerbeer.
Piano Solo—G. Minor Ballad—Chopin.
Contralto and Tenor Duet—Now Art Thou Mine Own—Hildach.
Soprano and Bass Duett—Elijah—Mendelssohn.
Quartette—Song Cycle, in Fairyland—Morgan.
Puck's Song—Quartette.
Song of the Water-Nixies—Quartette.
Water Nymph—Tenor.
Shed No Tears—Contralto.
Flower Fairies—Soprano and Contralto.
Robin Goodfellow—Baritone.
The Weary Sun—Soprano.
Come Away, Elves—Quartette.

**"The Country Boy."**

Edgar Selwyn, the author of "The Country Boy," the original comedy which Henry B. Harris will present at the Academy next Wednesday night, wrote some 26 plays before he finally produced this one to bring him fame and fortune. And much of the secret of the success of "The Country Boy" is due to the fact that the author has put in it many chapters from his own personal experiences. The story rings true and the characters are so realistic that their like may be found in any town and city.

**At the Bijou**

The Bijou for today has one of the most delightful novel bills ever offered in Wilmington. It has many features for today, but one star, that will shine brighter than all the rest, and that will prove decidedly magnetic will be the great film "Marooned." This photo-play is not only thrilling, but it is highly interesting as it presents as one of its cardinal features a piratical scene at sea. It takes one back to the days when the buccaneer was master of the seas and when fights on the mighty deep were of frequent occurrence. Then the castways are shown, and the scene on the island, where the marooners are located, is a pictureque one. The rescue is also a stirring incident. Another great film on today, among other good ones, is "The Deacon's Reward," while the musical programme will be new, bright and up-to-the-second. The Bijou show today is indeed going to be a tremendous one.

**At The Grand**

"The Cure of John Douglass," a big Lubin film, described as 'clear as a bell," and entrancingly interesting, will be the offering par excellence at The Grand today. This, too, in addition to two other high-class films, that will make today's bill up to the usual high standard. Nat Hilt will have another of his character song successes, "I Would Give My Heart to Any Old Girl But You." Still, small prices obtain at this theatre.

Wonder if the President thinks there is danger of the Insurgents insurging in Tennessee?—Knoxville Sentinel.

**Happy Couples Depart.**

There were one or two minor errors in the report in yesterday's paper of the double marriage ceremony performed at the home of the officiating minister, Rev. Dr. J. H. Foster, Wednesday afternoon. The couples were Mr. S. L. Bradshaw, of Rose Hill, instead of Roseboro, as stated in The Star, and Miss Mittie Henry, of Atkinson, and Mr. E. G. Bostic, of Hawesville, and Miss Lorena Henry, of Atkinson. The couples left yesterday for their homes.

The only good name for Mr. Taft is Mr. Smooth-It-Away.—Raleigh News and Observer.

# Cottolene

## Makes Sunshine Food

**The Dyspeptic Shuns Rich Food** because it causes him untold agony afterward. *Cottolene*, because of its freedom from hog fat, is digestible, and makes rich food that any stomach can digest. No indigestion follows in its wake.

Animal fats tend to heat the system and cause stomach and other troubles. *Cottolene* is a pure, vegetable product that nourishes and builds up. Up-to-date physicians recommend *Cottolene* in the cooking of food for invalids. Never heard of lard being recommended for that purpose did you?

Use *Cottolene* and have a perfect digestion. *Cottolene* is more economical than butter or lard—use one-third less.

**COTTOLENE is Guaranteed** Your grocer is hereby authorized to refund your money in case your are not pleased, after giving *Cottolene* a fair test.

*"Nature's Gift from the Sunny South"*

**Never Sold in Bulk** *Cottolene* is packed in pails with an air-tight top to keep it clean, fresh and wholesome, and prevent it from catching dust and absorbing disagreeable odors, such as fish, oil, etc.

## COTTON MARKET ROSE AND FELL

**Makes Sharp Advance Early and Then Falls —Trouble in China Affects Markets, According to the Cable Reports.**

New York, October 26.—Apprehensions of less favorable weather caused rather a sharp advance in the cotton market during today's early trading, but the demand appeared to reflect covering by nervous shorts chiefly, and prices later weakened under selling by spot houses and the liquidation of early buyers with the close steady at a net decline of 2@10 points.

The market opened steady at a decline of 2 points to an advance of 2 point, which was just about as due on the cables. There was some irregularity early, but reports that storm warnings had been issued for the Florida coast from Key West to Jupiter, and private predictions of heavy rains over the southern half of the belt, appeared to alarm the scattering short interest and prices worked up to a net advance of 13@15 points on the active months during the morning, Southern as well as Wall street and other local houses were buyers on the advance, but around 9:38 for December and 9:31 for January, big spot interests became heavy sellers, and the market turned quite weak in the later trading when many early buyers for a reaction seemed to be liquidating, owing to the failure of demand to broaden on the earlier advance. The close was at practically the lowest.

The troubles in China, which country is recognized as one of the biggest buyers of cotton goods in Manchester, seemed to be attracting more attention today, as private cables from Liverpool this morning reported a less active trade demand. The importance of the situation in the Far East was probably emphasized also by a cable from a leading Liverpool statistician estimating this season's requirements of American cotton at 13,300,000 bales, providing the troubles in China and between Italy and Turkey are quickly settled; otherwise, he predicted a serious curtailment.

Receipts, 72,792, against 71,019, last week, and 63,412 last year. Today's receipts at New Orleans, 6,832 bales, against 13,481 last year, and at Houston, 16,713 bales, against 20,791 last year.

Cotton spot closed dull, 5 points lower; middling uplands, 9.40; do. gulf, 9.65; sales, 400.

Futures closed steady.

### THE WHEAT MARKET.

Chicago, October 26.—Because of treble as much wheat pressing forward to Winnipeg today as the railroads could find cars for, the price of the cereal here inclined to sag. Closing figures ran from last night's level to ⅜@½c. below. Corn gained ⅛@¼ to ⅜ net, oats a shade to ⅛@¼, and provisions 5 to 7½ to 15 cents.

Wheat—No. 2, red, 1.01½@1.02; No. 3, red, 99@1.01½; No. 2, hard, 1.04½@1.08; No. 3, hard, 1.02@1.06; No. 1, northern, 1.13@1.15; No. 2, northern, 1.10@1.14; No. 3, northern, 1.09@1.13; No. 2, spring, 1.06@1.11; No. 3, spring, 1.05@1.10; No. 4, spring, 95@1.08; velvet chaff, 95@1.10; durum, 95@1.06.

Corn—No. 2, 73@74½; No. 2, white, 74¼@75; No. 2, yellow, 74½@74¾; No. 3, 72½@74¼; No. 3, white, 74½@74¾; No. 3, yellow, 74½; No. 4, 72@72½; No. 4, white, 72¾@73; No. 4, new, white, 68; No. 4, yellow, 72@73½; No. 4, yellow, new, 67@68.

Oats—No. 2, white, 47¾@48¼; No. 3, 46½; No. 3, white, 47@47½; No. 4, white, 46½@47½; standard, 47½@47¾.

| Wheat: | Open. | High. | Low. | Close. |

### THE DRY GOODS MARKET.

New York, October 26.—Cotton goods markets were quiet during the day, jobbers and the manufacturing trades confining their orders to immediate needs. Worsted yarns are firmer and there is a better demand for cotton yarns. Underwear and hosiery for spot shipment are in better demand. Trade in woolens and worsteds shows a steady gain.

## MARINE.

According to a comic weekly Adam and Eve were the original insurgents. "Joe" Cannon will observe that they were permanently removed from the shade of the plum trees.—Louisville Courier-Journal.

Being wise in business doesn't mean a man can't be a fool in everything else.

## STOCKS CENTER ABOUT STEEL

**Uncertain as to What Effect Filing of Suit Will Have Upon United States Steel. Not Known Until Close.**

New York, October 26.—Operations in stocks today centered about the steel group. It was not until after the close of he market that knowledge of the government's suit for dissolution of the United States Steel Corporation reached Wall Street. Nevertheless, pressure against the Steel stocks was constant and severe. When it was announced that the United States Steel directors at a special meeting today had met to give official sanction to the plan for terminating the Great Northern Ore lands lease, and reducing ore rates on the corporation's railroads, prices rose somewhat. But the improvement was not for long. Selling of United States Steel forced it down to 58¾, the low point of the day, and a drop of nearly 2 points from the high figure of the session. Despite the ferquently repeated report that the government was soon to file its dissolution suit, the Street was not prepared for the announcement that the suit had been filed.

United States Steel is now selling nearly 25 points below the high price of the year. The decline has been generally attributed in large part to selling by holders who feared such action as was begun today by the government. What effect the actual filing of the suit will have upon United States Steel and other stocks is, of course, problematical. It has been believed by some observers of the financial market that a suit against the largest of the country's industrial combinations would serve to bring to a head the issue which has proved so disquieting, and would have ultimately a beneficial effect.

The increase in Norfolk and Western's dividend rate to six per cent had no pronounced effect upon the stock as the change had been anticipated. The stock rose less than a point, touching the high figure of 18¾, and then fell back. Erie, Rock Island and Southern Railway shares were especially firm, and Delaware, Lackawanna and Western rose 20 points, to 560, a gain of 55 points within about a month.

American cotton oil continued its recent decline, falling 2½ points. Republic Steel shared in the weakness of United States Steel. The preferred lost 2½ points. London was busier in this market today, having purchased about ten thousand on balance. Much of its purchases were United States Steel. Bonds were irregular. American bonds surrendered almost all of yesterday's rise. Total sales, par value, $2,300,000. United States bonds were unchanged on call.

Total sales of stocks, 643,700 shares.

When the Chinese cut their queues they also cut their wisdom teeth.—Birmingham Age-Herald.

**Averts Awful Tragedy.**

Timely advice given Mrs. C. Willoughby, of Marengo, Wis., (R. No. 1) prevented a dreadful tragedy and saved two lives. Doctors had said her frightful cough was a "consumption" cough and could do little to help her. After many remedies failed, her aunt urged her to take Dr. King's New Discovery. "I have been using it for some time," she wrote, "and the awful cough has almost gone. It also saved my little boy when taken with a severe bronchial trouble." This matchless medicine has no equal for throat and lung troubles. Price 50c and $1.00. Trial bottle free. Guaranteed by R. R. Bellamy.

# GOVERNMENT AFTER STEEL CORPORATION

(Continued from Page One.)

owed large sums of money in New York and elsewhere from $35,000,000 to $38,000,000 upon call and time loans which were running to maturity. Some of these loans were partly secured by pledge of 100,000 shares of Tennessee stock the amount fluctuating.

"In October, 1907, a great panic came, and New York was the storm center.

"Those in control of the corporation obtained intimate knowledge of the affairs of Moore and Schley, and of their holdings of Tennessee stock. The credit of Moore and Schley, and the character of their stock holdings, such as Tennessee stock, Republic Iron and Steel stock and other industrials was discussed on the street and among bankers and the question of their failure was mooted. The Tennessee stock was specially subjected to criticism, and, in Wall street parlance was 'hammered' as a collateral. H. C. Frick and E. H. Gary, representing the corporation took up the negotiation with Schley for the purchase of the syndicate stock of the Tennessee company, offering him first the equivalent of sixty cents on the dollar and afterwards seventy-five cents on the dollar in cash for the stock, which Schley declined. Oakleigh Thorne, who was president of the trust company of America, a New York institution, was one of the syndicate that purchased the majority of the stock of the Tennessee company having subscribed for 12,500 shares.

"In a New York paper of October 23rd, appeared a statement headed 'Aid Trust Company of America.' Among other things it said that at a meeting the night before of the chief bankers of the city, headed by J. P. Morgan & Company, it was formally decided that the point then needing buttressing was the Trust Company of America, and that this determination was announced after Mr. Perkins (meaning George W. Perkins of J. P. Morgan & Company), had been in conference subsequent to said gathering of bankers. A part of the article subheaded 'The official statement,' said: 'The chief sore point is the Trust Company of America.'

"After expressing confidence in the condition of the company and stating that it would be aided, and that cash had been guaranteed there, for it was stated that these were taken for the purpose of announcing that the company would be taken care of if an investigation into its affairs which would be authorized, proved satisfactory as there was every reason to believe they would. This announcement helped materially to cause a run on the said trust company and aggravated the general uneasy condition and made the position of Moore and Schley more desperate. It was generally known that Thorne and Schley were members of the Tennessee syndicate.

"Regardles of the intention in giving out the statement—and the facts are not sufficiently known to make any charge in this regard—the fact is that it contributed directly and strongly toward bringing Moore and Schley to a point of imminent failure, although they were amply solvent. Their condition had become desperate. It being generally regarded by bankers and financiers that their failure might precipitate a general crisis, they, J. P. Morgan & Company, taking the lead, exerted themselves by advances of ready money to meet pressing demands and otherwise to prevent their suspension. Much of the effort, however, revolved about the proposition for the corporation to acquire the stock of the Tennessee company. Nothing less than the control of the Tennessee company was considered by the corporation and negotiations proceeded rapidly and steadily to that end, it being represented to Schley that in no other way could relief be brought to him.

"There was fear upon the part of the corporation that when the movement became publicly known the government might take steps to prevent its consummation. In view of this, E. H. Gary, the chairman of the executive committee of the corporation, and H. C. Frick, a director, went to Washington, reaching there Sunday morning, November 4th, to see the President, having previously made an appointment. Without fully disclosing all the facts in regard to the Tennessee stock, its ownership, the amount of money estimated as necessary to relieve Moore and Schley and the arrangements that had already been made to relieve the Trust Company of America, they represented to the President that the only thing that would prevent a vicious spread of the panic was for the corporation to acquire the stock of the Tennessee company.

"The President recorded, in a letter to the Attorney General, written in their presence, their representations. He states that said Gary and Frick told him that there was a certain business firm which would fail if help should not be given and that among its assets were a majority of the securities of the Tennessee Coal Company. The firm referred to was undoubtedly Moore and Schley, but it was not true that among the assets of the firm were a majority of said securities. Nor was it true that the said Schley had among his assets a majority or anything approximating it. The President further said in his letter:

Judge Gary and Mr. Frick informed me that but little benefit will come to the steel corporation from the purchase.

"This statement to the President was a misleading one. The property was very valuable. Next to the corporation the Tennessee company had the largest coal and ore properties in the United States of any steel concern. A competitor was removed. The corporation, in its report to its stockholders of this purchase said that the terms of the purchase were satisfactory, both as to price and manner of payment; that the purchase of the property promised benefit to the corporation, and that the Tennessee property was very valuable.

"The President was not made fully acquainted with the state of affairs in New York relevant to the transaction as they existed. If he had been fully advised he would have known that a desire to stop the panic was not the sole moving cause, but that there was also the desire and purpose to acquire the control of a company that had recently assumed a position of potential competition of great significance. The President, taken as he was partially into confidence, and moved by his appreciation of the gravity of the situation and the necessity for applying what was represented to him to be the only known remedy, stated that he did not feel it to be his duty to prevent the transaction.

"The matter then moved rapidly to consummation. The corporation and its powerful banker allies did not advance the money or lend the bonds of the corporation upon the Tennessee stock, which would have relieved Moore & Schley, so far as the Tennessee collateral was concerned, and which would not have exceeded six or eight millions of dollars. They took the position that nothing would relieve the situation but the corporation taking over absolutely the majority of the Tennessee stock. This was done and it acquired also, under the same agreement additional stock. The corporation exchanged for the stock its own bonds on a basis which paid par in cash for stock which Gary a few days before said was not worth more than 60 cents on the dollar.

"While as to much of the situation the facts are in doubt, it is certain that the corporation availed itself of the embarrassment of Moore & Schley at a most critical period and the hammering of the Tennessee stock and the threatening of a general financial calamity to acquire the control of a competitor taking on a formidable aspect.

"The corporation thus greatly strengthened its control of the iron ore supply of the country, its predominating position in the iron and steel trade of the South eliminated a competitor and unlawfully acquired a power which is a menace to the welfare of the country and should be destroyed."

Then the bill goes on to allege the formation of illegal pools known as the Steel Plate Association, the Structural Steel Association, the Steel Rail Combination, the Wire Rope Combination, the Rubber Covered Wire Combination, the Horse Shoe Manufacturers' Association, the Underground Power Coble Combination, the Weather Proof & Magnet Wire Combination, the Land Encased Rubber Cable Comination, and the Bare Copper Wire Combination.

These are alleged to have been illegal agreements to suppress competition and fix prices in the commodities indicated by their names.

Combinations, other than written pools and agreement, the government charges, were entered into at various meetings. One in New York on January 11, 1911, is specified. The government's petition says:

"Under the auspices of the corporation these interests naturally competitive, but harmonized by this network of correlations, and overshadowed and dominated by the power of the corporation arising from its pre-eminence in the business, and the irresistible strength of its alliances, come together, from time to time, find out the views of the corporation in respect of prices and output, and all that hitherto was affected by pools and formal agreements, reach a common understanding and purpose, and proceed to carry them out."

It is not here alleged that merely assembling and mutually exchanging information and declarion of purpose amounts to an agreement or combination in restraint of trade. These meetings and these results have gone further What they actually accomplished shows the great and dangerous power achieved by the corporation through unlawful combination exercised over the trade and commerce of the country. The concerted action taken has prevented fluctuations in prices and competition.

At the meetings have been represented, of the iron and steel trade in the United States fully ninety per cent. of the total. In no line of business in the world at any time has there been such a large percentage of those engaged in a business as the percentage of those in this country who at these meetings go along day by day, hand in hand, pursuing the same course.

"At the time of one of these meetings, held in New York, January 11th, 1911, there was not in this country a demand for more than fifty per cent. of the total producing capacity of the lines of those there represented and there was not enough business to go around and there was no possible way of protecting themselves from competition except by coming to an understanding that each would be satisfied with a proportion of the business which was understood by all, and this understanding was carried out, and no one of them competed for the recognized business of the others.

"When they met, the chief executive of the corporation admonished them that no one of them should forget the high moral obligation he was under toward his neighbor, and that it was of the highest importance at that particular time that every one of them should have a keen and abiding sense of the personal obligation which he had toward all the others, and to make no mistake of running the risk of trespassing within the domain of the rights of his neighbor who had given his confidence and trust, and who was willing at all times to put within the knowledge, and therefore more or less under the charge and control of the others, the very direction of his affairs.

"By these meetings and inter-change of information and understanding each became in honor bound not to get the trade of the other, and each by the concerted action acquired participation in the direction of the affairs of the other.

"The main purpose of the meeting of January 11th, 1911, was the question of maintaining or changing the prices of the commodities in which they dealt. A majority came to a concensus in which was accepted and followed by all.,

"At these meetings they not only exchanged information but advocated control of prices, and reached a common understanding which was followed, under solemn admonition that they were bound by an obligation more estimable than life.

"These meetings brought about the maintenance of prices."

Attached to the bill, among many other exhibits of alleged agreements is a statement showing the extent to which the steel corporation is represented in the directorates of other concerns. It shows George F. Baker as a director in fifty-six others; Edmund C. Converse in 28; William E. Corey in 32; J. Pierpont Morgan in 51.

Of this the government's petition says: "Under the policy of the corporation there grew up a community of interest and power to influence action to a common purpose, never exceeded in the commercial history of the world. There came into existence a system of interlacing of directorates which embraied almost the entire commercial and financial powers of the country.

"All the business of the corporation and its controlled companies is conducted without competition among them, and as a part of a general plan and combination by which they have partially destroyed competition in trade and commerce among the States and with foreign nations and have, by their strength, acquired a great and unwholesome influence over competitors, whereby they are brought into harmonious action with the corporation in restricting competition and in restraining such trade and commerce.

"Since its organization the corporation, by means of its great earnings made possible largely through the power and control over the trade in iron and steel derived from and exercised by the combinations described, has further increased its power, influence and dominance, by enlarging its old plants and constructing new ones, paid for largely from its earnings. The investment of earnings has been from $400,000,000 to $450,000,000.

'Its net earnings as shown by its annual reports, for nine months of the year 1901 and for the years 1902 to 1910 inclusive aggregated $980,045,838.80. This was an average of about 7 per cent. per annum upon the total capitalization of the company. The real earnings amounted to an average approximating twelve per cent. per annum upon the actual average investment in the properties, but in estimating such actual investment, there are included values which arose from additions made out of earnings, which earnings were largely and wrongfully enhanced by the unlawful combination and the power and control exerted by it."

In addition to the defendants already named, the following are parties to the suit:

Union Steel Company, Clairton Steel Company, West Missabe Land Company, Ltd.; Wright Land Company, Ltd.; Davis Land Company, Ltd.; Wells Land Company, Ltd.; Stone Land Company, Ltd.; Wazigon Iron Company; Minosin Company, Uibiwa Iron Company; Wenona Iron Company; Minawa Iron Company; Leonard Iron Mining Company; Arthur Iron Mining Company; Fillmore Iron Mining Company; Harrison Iron Mining Company; Jackson Iron Mining Company; Polk Iron Mining Company; Tyler Iron Mining Company; VanBuren Iron Mining Company.

Within 15 minutes after the filing of the decision a United States marshal went to New York to serve the bill upon 15 defendants residents there, among them being J. P. Morgan, Charles M. Schwab, former president of the corporation; Elbert H. Gary, chairman of the board, and John D. Rockefeller.

This service of the petition, according to United States Marshal Alcott for this district, is one of two which will be made in the case within the next 48 hours. The second service will be a subpoena requiring the defendants to answer the petition at Trenton on the first Monday in December.

## HERNSHEIM CO. DISPOSED OF

### First Actual Severance of a Subsidiary Company

New Orleans, Oct. 26.—Announcement was made here that the Hernsheim Company, limited, of this city, manufacturers of cigars, had been disposed of by the American Tobacco Company. The purchasers are H. W. Cobb, former president of the company; R. B. Rogers, secretary and J. Fuller Malone, of Tampa, Fla.

This is said to be the first actual severance of a subsidiary company from the great corporation which is now in the process of dissolution in compliance with the order of the United States Supreme Court.

The Hernsheim Company was capitalized at $225,000 one-third of which was owned by Mr. Cobb and the remainder by the American Tobacco Company.

## RODGERS READY FOR FLIGHT.

### Damaged Aeroplane Repaired According to Statement.

Spofford, Texas, Oct. 26.—With Aviator C. P. Rodgers inspecting the territory beyond Del Rio, where his next flight will be made, it was announced at his camp today that he might resume his flight toward the Pacific coast by this afternoon. His biplane, which was wrecked yesterday, will be ready for him then, it was stated.

## JURY FINALLY DRAWN.

### After Four Days' Wrangling—For the Case of Mrs. Zee Runge-McRee.

Opelousas, La., Oct. 26.—After four days of wrangling over talesmen by opposing counsel the jury was completed at 9:40 tonight in the case of Mrs. Zee Runge-McRee for the alleged murder of young Allen Thurman Garland, who was killed in her home here on September 21st last.

**CREDIT.**

A business man's greatest asset is his credit

As soon as his credit is gone his business fails.

In these days of the ready interchange of credit information a man's bad credit record follows him everywhere.

On the other hand, a good credit record is just as widely known and the right kind of a bank can assist the right kind of a customer to secure a good credit record.

It is the policy of this bank to assist its customers in a whole-hearted and conscientious manner.

May we not be of assistance to you?

**The Southern National Bank**

## HOW GERMS SPREAD SKIN DISEASE

Eczema, psoriasis and other skin troubles are caused by myriads of germs at work in the skin. Unless these germs are promptly destroyed they rapidly multiply, gnawing their way deep into the sensitive tissue. This is what causes that awful itch, and what seemed a mere rash may grow worse and develop into a loathsome and torturing skin disease with its years of misery.

Don't take any chances! Destroy the germs at the beginning of the trouble with that soothing and cleansing wash, the D. D. D. Prescription for Eczema.

A 25c bottle will prove this to you.

I have had experience with many remedies for skin trouble but have never seen such remarkable cures as those from D. D. D. Prescription. Instant relief from the very first application.

I am so confident that D. D. D. will reach your case that it will cost you nothing if the very first full size bottle fails to make good every claim.

If you have skin trouble of any kind, I certainly advise you to drop in and investigate the merits of D. D. D. anyway. I know that D. D. D. will help you.

Robt. R. Beellamy, Wilmington, N. C.

## REAR ADMIRAL TO SHANGHAI.

### Leaves Manila Tomorrow on the Rainbow—Followed by Flagship.

Washington, Oct. 26.—Rear Admiral Murdock, commander-in-chief of the Asiatic station, will sail from Manila tomorrow on the Rainbow for Shanghai. He will be followed in a few days by his flagship, the Saratoga, to which he will transfer his quarters and proceed to give his undivided attention to direct the movements of the American war vessels in Chinese waters so as to secure the greatest measure of protection for Americans and Europeans.

The officials here still are of the opinion that the foreigners have nothing to fear from the revolutionists, who apparently are extremely desirous of not affording any pretext for foreign intervention, such as might result from assaults upon foreigners or the destruction of their property in China.

Much that passes for real wisdom is nothing but nonsense.
